

DR. DAVID HILL AT MONMOUTH Civic Club Sponsors Popular Program Recently

MONMOUTH, Jan. 19.—Monmouth Civic club sponsored an informative and interesting program of motion pictures presented by Dr. David Bennett Hill of Salem, Friday evening at the Normal school auditorium.

Responsive thrills emanated from the audience over the winter sports, tobogganing and skiing on Mount Hood. The explanation offered that the toboggans are drawn up by machinery, made the potentiality of such participation the more welcome.

A view of Chemeketa climbing Mount Hood, looped together by a rope for greater protection, and another thing to better face the glacial wind near the summit, was realistic, with yawning chasms and crevasses and strange ice-formation perforating the mountain side.

Earnings Statements Cause Gloom Even When Foreseen

NEW YORK, Jan. 19.—Some what at the expense of quotations, the stock market gave itself over to the luxury of idleness today.

The lack of leadership, increasingly evident in the later sessions last week, became even more apparent and had there not been a flurry of activity in the final hour the turnover would have set a new low record for more than three years.

General Electric, in anticipation of the news that 1934 orders had declined 23 per cent and those of the last quarter 32 per cent, dropped more than a point to a new low for the bear market.
