THE NEW FORD

Everything you want or need in a motor car

The more you see of the new Ford, the more you realize that it brings you everything you want or need in a motor car. . . . And at an unusually low price.

Its substantial beauty of line and color is apparent at a glance. Long, continuous service emphasizes the value of its simplicity of design and the high quality that has been built into every part.

The new Ford accelerates quickly and it will do 55 to 65 miles an hour. It is an easy-riding car because of its specially designed springs and four Houdaille double-acting hydraulic shock absorbers. It has fully enclosed four-wheel brakes and the added safety of a Triplex shatter-proof glass windshield. Operation and up-keep costs are low and it has the stamina and reliability that mean thousands of miles of uninterrupted service.

See the nearest dealer and have him give you a demonstration ride in the new Ford. Check up every point that goes to make a good automobile and you will know it is a value far above the price.

American Cigar Company,
111 Fifth Avenue,
New York, N. Y.

Gentlemen: I have seen your advertising displays in the newspapers and on billboards, telling people about the harm spitting may cause and the dangers lurking in cigars when the tips are sealed with spit. Your efforts to teach the public and thus prevent suffering will do more than sell cigars. You will benefit public health, and for that reason I want to give my enthusiastic approval to your campaign.

As a health commissioner, I am interested in seeing information of this sort brought home to everybody. Human ills would be greatly lessened if every person knew what danger there is in spitting in public places and in using the tongue to seal or solisten anything in manufacturing. Your campaign is indeed a "Crusade of Decency" and my department wishes you success in your efforts.

You are welcome to use this letter in your plan of public education, if you wish, with the understanding that I am not publicly endorsing your product as preference to any other, but that I am heartily in favor of your campaign to better your industry by making it cleaner.

Very truly yours,
J. F. X. Stack M.D.
