four meetings Monday and Tues- from \$25,000 to \$50,000, a stockday of this week in the Brush holders meeting has been called provement club. College, Red Prairie and Rickre- for Monday morning by directors all districts. O. T. McWhorter, of the local creamery, horticulturist of the state college extension service, told the hundred-odd orchardists who attended these meetings that the first few years of a fruit tree's life are the most important so far as later work is concerned. Start training the tree right and it will make a profitable later on.

Mr. McWhorter pointed out that there are hundreds of acres one million pounds of butter. of fruit trees throughout the From present indications this recountry that have bad crotches cord will be broken in 1931, as and misshapen bodies through lack of attention while they were ed now equals the peak load of first growing. A great deal of good can be done by pruning young trees correctly now. The owners of old fruit trees were told that about all they can do is to thin them out, let the sunlight in to all parts of the tree and stimulate a little good wood Quaranteed Used Cars growth by pruning here and

This was a concluding group of pruning demonstrations that have been held during the curorchardists are eager to improve the quality and grade of their fruit wherever possible.

At the recent meetings demonstrations included work on old and young trees of cher-140:00 ries, pears, apples, walnuts and
