

PROGRAM IS GIVEN AT SALEM HEIGHTS

SALEM HEIGHTS, Feb. 18.—Friday evening the Salem Heights Community club held its regular monthly meeting and program at the community hall. The early part of the evening was devoted to the serving of a jitty chicken supper which was especially well patronized, the proceeds of which went to apply on the community hall debt.

After the supper had been served the hall was put in order to present a varied and interesting program. Josephine Albert first favored the guests and members of the club with two vocal solos, accompanied by Mrs. Marguerite Dalton. Next she sang a duet with Mrs. Dalton at the piano. Maxine Sautter, Berna Sautter and Miss Stevens followed with several songs in trio. Bill Brazeau and Waldo Fuesy of Salem furnished several special numbers throughout the evening with their orchestra. Orville Beardsley sang two solos accompanied by his brother Russell.

This was followed by several numbers by the Salem Heights orchestra composed of Mrs. Olive Beardsley, Russell Beardsley, Neal Fischer, W. Hunt and Myron Sautter. E. E. Pruitt then conducted a nail driving contest for women with Mrs. Myron Van Eaton emerging as winner of first prize.

This was followed by an investiture ceremony by the Salem Heights Boy Scout troop, which was witnessed with much interest by those present. L. E. Johnson of Salem then gave a very interesting talk on Oregon pioneer days. The program for the evening was in charge of Mrs. Olive Beardsley and Mrs. H. F. Zinser.

SUNDAYS ADDED TO DOLLAR DAY DATES

In addition to Friday and Saturday sale dates already announced by the Southern Pacific company for their "Dollar Day" excursion fares, the company announces through K. A. DeMarais, district freight and passenger agent here that tickets will be sold at these low fares on Sunday, February 22 and March 1. The fares will be applicable between all points Eugene to Portland inclusive and including also the Coos Bay branch. Return limits will be midnight Tuesday following the date of sale.

In discussing the bargains offered, DeMarais stated that from inquiries received the public will be on the move on the next two week ends. One prominent business man of Salem is "going somewhere with my boy because he is ten years old and has never been on a train and I take a trip for less money than I can spend the week end at home."

On account of the demand, special trains will be operated by the Southern Pacific between Eugene and Portland passing Salem northbound approximately 7:40 a. m. Saturday and Sunday, February 21 and 22 and leaving Portland 3:30 p. m. Friday and Saturday February 20 and 21. The reduced fare tickets will also be good on all regular trains.

BAKERY HAS FIRE AND TWO THEFTS

Cherry City bakery has been the scene of some excitement in the past 48 hours. A delivery truck fire and the theft of two automobiles took place there the night of February 17. The cars were the property of employees.

At 4:30 Tuesday, the fire department received an alarm from the company. The chemical cart was sent out and 60 gallons of chemical were used in extinguishing a fire in a delivery truck. The motor, wiring and upholstery in the cab were damaged to an extent of over \$50 according to firemen.

Employees told the firemen that the overflow from the gasoline tank which was being filled ran onto the exhaust pipe and caught fire. The two machines that were stolen were a sedan owned by Harry Jones, 1825 Winter street, and a roadster owned by Sam Steinbock, 645 North High street. The first car was recovered in this city by the owner and the other car was recovered by the Benton county sheriff at Corvallis.

Long Train Bill Up Again Today In State Senate

On the senate calendar for special consideration today is the 76-cent freight car, 14-passenger car train limit bill which yesterday was reported out of the railroads and utilities committee without recommendation. Senator Upton secured the resubmission of the bill to the committee after the measure had received a favorable vote in the senate.

The maneuver allowed Secretary Ellingston of the trainmen's union to present rebuttal testimony on evidence offered before the committee by officials of the railroad companies. The latter claimed that the loss of life through the use of long trains was inconsequential.

FARM IMPROVED
BRUSH COLLEGE, Feb. 18.—A fine 20 by 80 foot chicken house is under construction on the farm of Mr. and Mrs. Charles McCarter. The building is to be modern in every way. One end will be used as a brooder. The McCarters have just finished building an up to date dairy barn electrically equipped.

Liberalized Six Per Cent Basis Is Considered

A proposed constitutional amendment by Representative Schupp and Senator Upton, which would make it possible for the state and its political subdivisions to compute the six per cent limitation on property tax on the basis of the amount of tax raised during any one of three preceding years, was made a special order of business in the senate today.

Nels A. Hall Passes Away

BRUSH CREEK, Feb. 18.—Nels Andrew Hall, who came here 12 years ago, died at his home here Tuesday afternoon. Mr. Hall has not been well for the past several weeks. No funeral arrangements have been made but the body is in care of Larson and Son at Silverton. Mr. Hall was born in Norway 78 years ago. He came to the states in 1874. He is survived by his widow, Isabelle, and six children, Andrew Hall of Central Howell, Mrs. Helen Hagon of Silverton, Lewis Hall of Gervais, Anna Weatherill of Denver, Colorado, Egbert Hall of Nebraska, and Peter Hall of Iowa.

MAGNESEN TO FILE APPEAL ON AWARD

Although formal appeal has not been filed, the county court has been notified that E. A. Magnesen will file appeal to the circuit court from the court's award of \$50.20 damages in his claim as result of relocation of market road No. 45, known as the Silverton-Hadley's ranch-Hull road.

Magnesen filed petition for \$1255.44 damages to his property as result of change in the road route, but the court, when the relocation was approved February 8, allowed damages of \$50.20.

In his claim, Magnesen asks for recompense on labor and material to his home as result of moving, for money for damage to walnut and fruit trees, for damage to nine acres of land, for damage to waterway from a creek and for damage on roads to house and barn gates. The greatest single item is the damage to the nine acres of land, which he claimed was worth \$450.

The county court reached its decision on the claim after the site had been appraised by the regular viewers.

This is the only contested claim on the route. Completing 31 years as superior judge in San Francisco, Thomas F. Graham granted his 22-40th divorce.

"HOW DO YOU LIKE THAT NEW LAW THE LEGISLATURE IS TALKING ABOUT PASSING UP AT THE STATE HOUSE, BILL?"

"I Didn't Know They Were Talking About Passing a New Law What Is It? Tell Me About It."

"You may not favor it, but by gum, all us taxpayers do (not insinuating you don't pay taxes, of course)." "Well, go on, tell me, you've got me all curious." "Well, according to the paper some legislator wants something done about all these chain stores sending all the people's money back to Wall Street, so they are going to pass a law taxing everybody that has over one store \$200 for every store more than one."

"WELL, THAT SOUNDS ALL RIGHT --- BUT WHY DIDN'T SOMEBODY THINK OF IT BEFORE?"

"Don't know, unless it's because they are just like the rest of us. We used to think we could save money buying at 'em (the chain stores, he meant), but a lot of us have found out now after 4 or 5 years that we haven't as much money left at the end of the month as we used to have before we started trading at the chains, and the chains have made millions of dollars; yes, sir, millions. I saw just the other day where one of 'em made millions last year."
