4-H Clubs mix Play With Work During Week is Report

LABISH CENTER, Feb. 19.—Members of the "Cook Well" and "See Well" 4-H clubs, which include the students from the fourth grade up, enjoyed a party at the Salem Y. M. C. A. Friday evening.

The south end of the school ground has been recently cleared of brush in anticipation of some new playground equipment. The work was done by Charles Hilde and Jim Stewart.

Mrs. Ellen Bibby, who is spending the winter months in Portland was at her home here for the first time.

With the exception of a car-load of Deschutes Netted Gobs distributed among Portland jobbers yesterday, there is practically no trading in potatoes from outside points.

Early spring vegetables are growing nicely, with prospects of unusually early production of all vegetables. Gradus peas are all planted, and most plantings are now a few inches high.

The market for dry onions is even duller than ever, if this is possible. Growers' consignments are netting little or nothing to the grocer, after deducting hauling, transportation, and other handling expenses from gross sales.

LEGGES STATEMENT CAUSES UPTUR BUTTER MART INCREASINGLY FIRM

Increased Holdings by Government Noted As Favorable

CHICAGO, Feb. 19.—(AP)—Substantial upturns in grain prices today accompanied statements by Chairman Legge of the farm board that he regarded recent news on wheat as rather favorable.

Special significance was attached to Mr. Legge's declaration owing to the fact that he coupled that with an estimate that government-sponsored agencies might have as much as 200,000,000 bushels of wheat on their hands at the season's end, July 1. Some purchasing of May delivery of wheat here believed to be for farm board sales tended also to lift prices.

Wheat closed firm, unchanged to 1 1/4-1 5/8c higher, corn 5-5 1/2c up and oats 1 3/4-1 3/8c advance.
