Monmouth Bldg. Is Improved

MONMOUTH, Feb. 21—Announcement has been made recently that J. E. Winegar, owner of the building in which the local Pacific Telegraph and Telephone exchange is located, will remodel the front of the building and add a new marquee which will join that of his hardware store front.

The telephone company has removed main street wires, substituting a cable, which adds materially to the appearance of the building; and it is said that interior renovation of the office will soon be made.

"SEEING LAWS MADE"

Proves Real Thrill to Eighth Graders of State COMMENT INTERESTING

By Laura Cammack Round" in this ponderous hum-cogged machine of a law-making body. One bright boy with a statistical mind counts bald heads, another computes the density of tobacco smoke per square foot. In whispers, teacher provides the foot-notes to this page from the book of law-making. And, like many a foreign language student, these wondering learners read wholly by the footnotes! (Too much machinery, you say? Too many monkey wrenches in it, perhaps). "Ma, what makes legislatures so slow? Do they like to be slow?" We with Ma leave those questions of Billy's—pertinent or impertinent though they be—to be answered by those of "whom it may concern."

BOUND BY A COMMON INTEREST—see the legislature in action—these trusting little citizens are soon in the capitol. With unflinching patience they wait to see the "wheels go round."

WACONDA, Feb. 21—Many farmers here having accomplished the plowing and seeding of crops during the recent period of spring-like weather are rejoicing over the benefit the present rain will do. Not only was work of a remunerative nature done but apparently with the warm sunny days of the past week came the urge to clean up, dig up, and fix up. As a result some yards in this community have undergone a complete change. Lawns have been seeded, flowers and shrubs planted just in time to benefit by the showers. Bata, the mass-production King of Czechoslovakia, expects to have 2000 retail shoe stores in that country by 1932.
