

# Henry Jones and Wildcat McCann Clash on Mat Tonight

## OPPONENTS NOT JUST FRIENDLY

### Names Called, now Rumor; Sampson and Nelson in Hour Match

Tonight at the army Henry Jones, the clever grappler from Provo, Utah, will endeavor to continue his winning streak when he tangles with Wildcat McCann.

Jones is an old favorite in the Salem ring and has now returned to add new laurels to his crown. Last week he made short work of Williams and last Monday night he won a rough match from Barrackman in Albany. He has been wanting a chance at McCann and now plans to make the most of it. The strange hold will be favored in the match, but other holds and tangle tactics are likely to be employed.

Reports are that both contestants are taking the match seriously and are a bit skeptical about each other's ability. Jones also said that he and McCann are sure he could do the same. From the report of the match with Barrackman, it is easily believable that he can. A Sonnenberg accounted for the first fall Jones won, and a blow to the jaw opened the path for the second.

McCann's Strength Is Counted Upon

McCann stated that he realizes he is meeting a tough opponent, but is not worried over the outcome.

"I don't know whether I can throw him or not, but I don't think he can throw me," is what the baby panther stated. Wildcat has gained the popular title among Salem fans of being the strongest man in these parts for his size. Also his ability to take punishment and keep coming has gained him much acclaim.

And when it comes to giving punishment, McCann is rough and ready. In fact, it seems to fit in naturally with his style of wrestling. He has not been beaten in a match in Salem this season, and now comes to the front to stop the invasion of Jones. McCann had a couple of draws here during the wrestling season, and to preclude such an outcome, the match will have no time limit, but will go until one or the other gets two falls.

Hobby Sampson To Meet Nelson

Matchmaker Harry Plant has announced that tonight's card will approximate a double main event affair with Bobby Sampson of Los Angeles and Lee Nelson of Albany going into action at 8:30 in a one-hour match. Six 10-minute rounds will feature the opening bout. Bobby Sampson is perhaps stronger than Nelson and a bit more experienced. He holds a win over Yaqui Joe and has met the best middleweights on the coast.

However, Nelson has improved a great deal during the last wrestling season and is a bit faster and more aggressive. He holds a win over Yaqui Joe and has met the best middleweights on the coast.

Harry Plant is convinced that this will be a top notch card tonight and states that if the patronage is good he will continue to stage wrestling matches here every week.

## CONGRUER WINS 1,000 YARDS AT NATIONAL

### Madison Square Garden, New York, Feb. 25—(AP)—Ray Conger, until a few days ago America's premier miler, came back to the track last night with his old time last lap kick to win the 1,000 yards run in the national championships from an international field. The time was 2:14 1-10, only average.

Paul Keller, 800 meter champion of France, was fourth to Conger in the 1,000 yard race behind George Bullwinkle, of the City college of New York, and Sam Martin, of the Boston A. A. Bullwinkle led with the awkward running Keller in second position, Conger third and Martin fourth, from the gun to the last lap. There Conger stepped out, and in a stride which kept shoulder to shoulder with the pride of Paris, a step behind Bullwinkle. Rounding the last turn into the stretch, Conger started a terrific spring that in a stride or two carried him to the front. He held his narrow yard margin to the finish.

It was a vindication in part for his defeat at the mile in the New York athletic club games by Carl Coan of Pennsylvania.

Ferrey Beard, a slow spoken but fast stepping youngster from Alabama Poly, set a new world's indoor record for the 70 yard hurdles of 8 5-10 seconds in defeating a classy field.

## TILDEN DEFEATS KOZELUH IN PRO NET DEBUT

William Tilden launched his professional tennis career by sending Karol Kozeluh, recognized world's champion from Czechoslovakia, down to a humiliating straight set defeat at Madison Square Garden, New York. The scores were 6-4, 6-2 and 6-4. Above action picture shows Tilden the victor.

## DALLAS LIKELY TO DEFEAT MONMOUTH

### MONMOUTH, Feb. 25—Friday night the Monmouth high school basketball quintet—undefeated by any high school contemporary this season—will journey to Dallas to lay a return game with the county seat boys.

This will be the first of sixteen seasonal encounters in which the original Monmouth lineup will not play together. Santee, the rangy center, noted for getting the tip-off, and always good for a high score in every game, will not participate Friday night—due to a siege of mumps. He is recuperating nicely, and should be in fair-to-good shape for the Polk county tournament, March 5, 6 and 7, to be held this year at Independence.

The first game between Dallas and Monmouth played two weeks ago resulted in a victory of 27-7 for Monmouth. If Monmouth can hold Dallas down to a ten or twelve point lead it will be playing a well deserved game, since Roger Beckley, a rook player, will replace Santee at center, and lacks experience in such fast company. A large crowd of Monmouth rooters, plans to accompany the team.

## WALKER BEATS JOHNNY RISKO

### Bigger man Holds up Until Last two Rounds, Then Tires and Slumps

By ALAN GOULD  
MADISON SQUARE GARDEN STADIUM, Miami, Fla., Feb. 25—(AP)—Mickey Walker, the black-haired fighting Irishman who holds the world's middleweight crown, spotted Johnny Risko nearly 30 pounds tonight and handed the Cleveland heavy weight a beating in ten bruising rounds in the feature bout of "Pa" Stribling's elaborate fistic festival under the palms.

Due chiefly to a furious finish in the last two rounds in which he punched roly-poly Johnny Risko with vicious left hooks to the head and body, Mickey received the unanimous decision of the three Miami judges.

Risko, weighing 134 pounds to Walker's 165 1/2, made his big advantage in poundage useful as he mauled Walker throughout the first half of the fight, but Johnny tired and was a mark at the finish for Mickey's sharpshooting left. Pa Stribling Comes Out With Profit.

After a check of the gate receipts, the figures finally were placed at \$35,000 gross and \$35,000 net. Stribling figured he needed \$30,000 to clear all expenses but the "gate" was below expectations and aroused no enthusiasm over prospects for the second heavyweight carnival, featuring a Carnera-Maloney bout on March 5.

Walker and Risko, the only actual combatants of consequence on the card, gave the crowd a slugfest in which Mickey repeated his previous victory over the bouncing one who seems to have been bounded around once or twice too often. Risko, grunting and howling, charging and ripling, gave a typically game and earnest exhibition but he tired under Walker's sharp-shooting and was pretty well beaten at the finish.

The bout was a toss up for the first eight rounds but Walker won the last two by convincing margins to have an edge of six to four on the Associated Press score card.

## RACE NARROWING DOWN IN ALL DISTRICTS; TOURNAMENT ENTRIES SELECTED SOON

### Ship ladder with seven wins and two defeats. The two finishing highest in the league will come to the tournament, and with Franklin coming up in the standings, fast pace is being maintained.

In district number three Bend and The Dalles are meeting this Friday night in a playoff game. Bend has won 17 games and dropped none and is picked as the favorite to represent the district. Bend is also rated much higher than the usual run of teams from the central part of the state.

Down in southern Oregon Medford and Ashland also play Friday. In case Medford wins, Ashland will be out of the running and Medford will then have only the formality of defeating the secondary school champion. In case Ashland wins, the district title will not be awarded until after a second game.

Baker, Pendleton Likely Repeaters

In the southerly division of far eastern Oregon, Baker is sweeping all teams aside and will likely reappear at the tournament this year. In the northern division of far eastern Oregon, the Pendleton Bruins are out in the lead. Those still in the running are now diminishing rapidly and the winner of the district will soon be named.

In Portland the city championship race is unusually keen, with Jefferson, which entered the race as a dark horse, now leading the field with eight wins and only one defeat. Benson teeters uneasily on the second rung of the championship ladder with seven wins and two defeats. The two finishing highest in the league will come to the tournament, and with Franklin coming up in the standings, fast pace is being maintained.

In districts eight and nine, Tillamook and Astoria, respectively, look like the coming teams. By the end of next week the race in district seven, which includes Multnomah, Clackamas, Marion and Polk counties, will be narrowed down to four competitors. These will probably be Chemawa, Monmouth, Molalla and Gresham. Monmouth beat the Indians early in the season, but since that time the Indians have improved so that they scarcely look like the same time.

University High Defeats Eugene

University high has spoiled the plans of Eugene high for coming to the tournament by humbling the Eugene high lads last week. The campus high team will have to play off in the Lin-Lin-Lincoln-Benton county league, but is hardly expected to strike a snag there.

Down in district number four, Coquille threw its hat in the ring by defeating Marshfield, 22 to 21. Marshfield is still in the running and is still favored to come to the tournament from the southwestern district.

Salem high is to enter the tournament as the home-team and is still undefeated in the high school class. Salem has two all-state men from last year's tournament and is ranked with the best in tournament odds.

## WASHINGTON IS NOW CHAMPION

### Beats Cougars in Second Game of Series After One bad Beating

(AP)—The University of Washington basketball team won the championship of the Northern division of the Pacific coast conference tonight by defeating Washington State college, 29 to 24.

The Huskies went into action with the opening whistle, took a long lead, held it 20 to 8 at the half, and were never in danger. Different from their play last night, when the Huskies stood in awe of a howling Cougar basketball demon, the winners brushed aside Cougar forwards and played championship ball.

A feeble Washington State rally was stopped by McLarney, forward, in the second period, but he was stopped when the score reached 30 to 18 for the winners.

Much of tonight's game was a duel between Swanson, husky center, and McLarney, both of them basket shooting demons. The fight was a draw at 11 points.

The lineup and summary:

## SAVOLDI HELD TOO ROUGH; SUSPENDED

### SAN FRANCISCO, Feb. 25—(AP)—"Jumping Joe" Savoldi's professional wrestling career in California came to an abrupt end today when he was suspended for 30 days because of his butting tactics in his first bout here.

The state athletic commission in announcing the suspension of the former Notre Dame football fullback, said that he butted the veteran Howard Cantonwine so severely in their match here last night that the Iowa was under a doctor's care until 3 o'clock in the morning.

The commission said "Jumping Joe" had repeatedly ignored the referee's warning. It was Savoldi's second professional wrestling match.

Dwight Adams has congregated a group of college players and gave the Y team a real battle. Flake was high scorer of the game with 16 points. Adams gained 12 points for his team. Nash who regularly plays for the Y team, was unable to play due to an injured foot.

**A**TIRING veteran, Joe Sewell, and a rarior youngster, Fresco Thompson, will attract more than routine fan attention next season when the former is expected to shine as a New York Yankee utility man, while the latter will be trying to realize expectations at second base for the Brooklyn Robins.

Sewell's passing from the Cleveland Indians brought sadness to many fans not so long ago. After 20 hard and honorable years as shortstop and third baseman, Joe was sold to the Yanks for the saiver price. Experts agreed that he would "slow up" in 1929 and they said he was even less agile in 1930. So "down the river" any river—he was headed until Joe McCarthy decided there was considerable glitter yet in the star which blazed so long for Cleveland.

And Sewell is certain that he's not through. It was ten years ago, last season that Joe broke in with the Indians when shortstop Chapman was killed by a wild pitch after midseason. His club was fighting for the pennant and Tris Speaker, then manager, was hard put to find a worthy sub. Little Sewell, just two years out of college, got the call. He had never even seen a big league game until he played in one! Joe did well from the start and his fielding was a feature of the 1930 World Series.

Ever since, until 1929 and 1930 showed him somewhat, Sewell has been a consistently good infielder. He's famed chiefly for his skill in avoiding strike-outs. He went through two full seasons once with only 9 S-O's charged against him. Several great pitching wonders, who worked on Joe often, have never been able to fan him. And his eye is still keen, the critics concede. So Sewell should still be of much help to the Yanks even in utility roles only.

Fresco (and that's his real middle name) Thompson is due to come through. He'll be with the hardest hitting crew in baseball, save possibly the Chicago Cubs, and that may bring out his wealth of potential talent. In Philly the fans' runs hampered him; but he's a mere mature youth now and he should reach definite stardom with the Robins.

The prison needs a brand new roof.

Kind hearted souls say; Big gov-wow held on taxing plans.

Some people love to pay. Van Winkle says the governor May bill the state like others; Wise ones begin to speculate On certain well known brothers Who may be named commissioner.
