

TEACHERS MEET AT WOODBURN

All Sections of County Represented at one day Institute

WOODBURN, March 9.—About 175 teachers of both grade and high schools in Marion county gathered at Woodburn high school Saturday to attend the Marion county teachers' institute.

Discussions on many problems of interest to teachers were carried on at the meeting. In the morning the teachers attended different departmental meetings according to their interests. In the afternoon a special program by Woodburn high school and grade school students, followed by talks for the entire assemblage was given.

A new association, a principals' association for grade school principals, was formed at the meeting. Mrs. Margaret Riches of Mt. Angel was elected president of the association. Harold Aspinwall, principal of the Woodburn grade schools, was unanimously chosen as vice president. The association was formed Saturday because the grade school principals have many problems which are not in common with high school principals, and consequently much time is wasted. The new association, consisting of a group with commoner interests, will have more time to take up important matters.

At the grade principals' meeting Arthur V. Myers, principal at Liberty rendered a report on the grade school county baseball league. The games will start April 10. The deadline for registration of teams is March 21. A ruling that the principal of the school must be a member of the grade principals' association before allowing the team to participate was drawn up. A new form of agreement slip, which will do away with many of the objectionable obstacles concerning contested games was introduced and approved. Players in the grade school league must be 16 years of age or under to play in the league and must have attended school 85 per cent of the school year, taking into account, of course, serious illness or other uncontrollable factors.

Contest Dates Set
At the meeting of the commercial teachers, which was presided over by F. E. Rohner of Woodburn, the dates for the county bookkeeping and typing contests were set. This year the tests will be held in Salem high school April 4. Three students and one alternate for both the typing and bookkeeping tests will be chosen from the schools. The typing contest will be divided into "A" and "B" divisions. Woodburn, Salem and Silverton are in class "A", and the rest of Marion county

SHAME DRIVES HER TO DEATH

Benita Bischoff (above) for six days and nights bore the shame which was hers when she learned of the lurid life that was her mother's, Vivian Gordon, who died by strangling on the eve of her appearance as a witness in New York. The shame was too much for little

Benita, 16 years old, who wrote in her diary: "I can't face the world any longer. I'm going to end it all. So she joined her mother in death through suicide in Audubon, a suburb of Camden, N. J., where she turned on the gas in her father's home.

schools in class "B". The commercial teachers also discussed the newer methods of keeping typing charts in the classroom. They also discussed the advantages and disadvantages in the latest edition of bookkeeping text.

The high school principals set April 17 as the date for the declamatory contest. The contest will be held in the Eugene Field school auditorium. All entries are required to be in by March 20.

A meeting of the county baseball league was scheduled to meet in Salem high school March 11, starting at 7:30. Discussion for spelling tests in grade schools and a fifth grade reading contest were also brought up.

R. W. Tavener, supervisor of secondary education in Salem, gave an interesting report on the county English test held recently. The report was given to the high school teachers' section. Mill City and Scotts Mills ranked highest in the tests which covered vocabulary, knowledge of literature and other English sub-topics. Junior Red Cross Subject

In the afternoon Miss Mary Conannon, national organizer of the Junior Red Cross members of the great organization. She also brought out the point that the members of the service create an international feeling of goodwill.

She told of instances when Junior and senior Red Cross work had aided distressed humans in all parts of the world. Red Cross work has spread all over the world, according to Miss Conannon. She showed Red Cross magazines from practically every country in the world.

Robert Goetz, superintendent of Silverton schools, gave a report on the Oregon educational plan and how the recent legislative actions had effected the plans.

Vern D. Bain of Woodburn schools gave a talk on the Oregon legislature and bills passed that affect the teaching profession. Nine bills that have a more or less direct bearing on the teachers were passed by the legislature. Bain explained some of the vague points of the free text book bill and also gave special mention of the ruling passed which gives the county school superintendent latitude in preparing final examinations in grade schools.

Talks on health education in grade schools were given by Mrs. Edith Manning, Mrs. Mae Engle and Miss Martha Gille. Various clever methods of instilling the fundamentals of health into the children's minds were suggested. Dr. Vernon Douglas, Marion county health officer, was the

J. H. MATTLEY CALLED BEYOND

Manager of Woodburn Hotel Is Victim of Heart Trouble

WOODBURN, March 9.—Jonathan Harvey Mattley, aged 76 years, died at his home in Woodburn Friday afternoon of heart trouble. The body was taken to Portland where interment will be held probably Monday afternoon. The body is at Finley's funeral parlor.

Mr. Mattley's death came as the culmination of an illness of about a week. Mr. and Mrs. Mattley moved to Woodburn about three years ago and took over the management of the Woodburn hotel. Although Mr. Mattley has been troubled with heart trouble for quite a number of years, his death was unexpected.

Surviving Mr. Mattley are his wife, Sally Ann Mattley, and five children, Mrs. Claude Palmer and Maud Mattley of Portland, Bell Klein of Wheeler, Mary of Washfield, and Arthur Mattley of Nehalem.

last speaker of the day. He explained and told of his experiences in the Marion county health program.

M. E. Gralapp started the institute in the morning by leading the teachers in group singing. At noon a lunch was served by the domestic science class at Woodburn high school in the cafeteria. Helen M. Guise was in charge of the meal. The booster club members of Woodburn high school helped carry out the arrangements for the day.

After lunch the entire delegation gathered in the school auditorium. The high school girls' quartet sang two numbers, "In the Gloaming" by Harrison and "Humpty Dumpty" by Allen Thosman. The quartet is composed of Opal Dickey, Edith Shrock, Mable Halvorsen and Zona Schwab. The girls' sextet, composed of Opal Dickey, Daisy Shrock, Edith Shrock, Dorothy Austin, Mable Halvorsen and Zona Schwab sang "Gondalier" by Nevin and "I Passed by Your Window" by Broch-Lucas.

The next Marion county teachers' institute will be held at Stayton in the near future.

WOODBURN HOME DAMAGED BY FIRE

WOODBURN, March 9.—Fire, thought to have started from an overheated chimney, broke out at the home of J. W. Berkeley on Doud street Saturday just before noon. The fire broke out on the roof and had gained quite a headway before it was detected, although there were people in the house. Considerable damage was done. Practically the whole upper part of the house was ruined, either by fire or by the blackened water that ran down the walls.

Although firemen arrived as soon as possible, the fire had quite a start. Some trouble was experienced in getting the city's new pumper to work and the old outfit got into action first.

The house was covered by insurance.

SUNSHINE MELLOWS Heat Purifies

LUCKIES are always kind to your throat

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

The advice of your physician is: Keep out of doors, in the open air; breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.
