

TEACH USE OF DIAL MACHINES

Telephone Company men to Demonstrate in Clubs, Schools and Homes

Instruction in the use of the dial telephone is being given in schools, clubs and homes of Salem by members of the staff of the Pacific Telephone company here.

After midnight on April 4 all telephoning in the city will be done by the dial system and the company is sparing neither time nor effort in making sure that everyone knows how to use the new phones.

A demonstration team composed of Mrs. Leona Bolens, R. J. Sumner and Victor Collins has been working in the schools in all grades above the fifth, the service clubs, women's clubs and other organizations of the city.

Large Stated Dials

In this demonstration a complete explanation of the use of the dial telephone is given. A photograph record which gives all of the tones of the equipment is used. A set-up of the dial system is made and actual calls put through. Two dials, one 15 inches in diameter and the other 36 inches, are used to show the work of the dial. A 20 by 26-inch facsimile directory is shown and two dial telephones are used in the demonstration.

"We hope that only normal calls will be made over Salem telephones from midnight of April 4 until Monday, April 6," said H. V. Collins, manager of the local company. "The new equipment will be given a very careful check during this period and we will appreciate it if patrons will refrain from 'curiosity calls' during this period."

EMILY KOUTNY HURT IN AUTO ACCIDENT

HUBBARD, March 12—Miss Emily Koutny, senior of the Hubbard high school, is confined to her home from injuries received in an automobile accident near Canby Monday evening.

Miss Koutny was on her way to church at Canby with her sister, Miss Mary Koutny and her brothers, Frank and Edward Koutny. As the Koutny car was leaving the Pacific highway to enter Canby it was struck by a passing motorist and completely demolished. Miss Mary Koutny received a few cuts and bruises but the brothers escaped uninjured. Edward, a member of the seventh grade, returned to school the next morning after the accident apparently none the worse off for his adventure of the night before.

For COLDS

We all catch colds and they can make us miserable; but yours needn't last long if you will do this: Take two or three tablets of Bayer Aspirin just as soon as possible after a cold starts. Stay in the house if you can—keep warm. Repeat with another tablet or two of Bayer Aspirin every three or four hours, if those symptoms of cold persist. Take a good laxative when you retire, and keep bowels open. If throat is sore, dissolve three tablets in a quarter-glassful of water and gargle. This soothes inflammation and reduces infection. There is nothing like Bayer Aspirin for a cold, or sore throat. And it relieves aches and pains almost instantly. The genuine tablets, marked Bayer, are absolutely harmless to the heart.

BAYER ASPIRIN

Aspirin is the trade mark of Bayer, Manufacturer of Mannesmann Works of Solingen, Germany.

SCIO TO CONTINUE BUS SERVICE

SCIO, March 12.—Favorable action was taken Monday at Albany by the Linn county district boundary board on the petition of the Scio board of education for high school bus transportation for the coming school year. Similar action was taken in the cases of Albany, Brownsville, Corvallis, Jefferson, Lebanon and Stayton.

It is stated in Scio by many who have kept in touch with the situation that bus transportation has been largely instrumental in bringing the Scio high school to the largest enrollment in its history during the present school year. Continuation of this method of providing high school facilities for many who otherwise would not continue their educational careers beyond the grades is considered a boon to the educational welfare of the Scio region.

in general and to the Scio high school in particular. All petitions were allowed by the boundary board on condition that no school board charge more than \$40 per student per year for the children carried on school buses. The Scio school board is paying \$45 per pupil during the present school year but it is stated a satisfactory arrangement can probably be made to conform to the \$40 requirement of the boundary board.

ATTEND CONFERENCE

GERVAIS, March 12.—The Misses Marguerite Hart, Ellen Vogt and Ruth Palmer represented Gervais at the Older Girls' conference held at Eugene during the weekend. They were chaperoned by Mrs. A. B. Adkinson. They report receiving a great deal of good from the conference. These delegates will be hostesses to the Christian Endeavor society at a special service to be held in the social room of the Presbyterian church next Sunday evening during the hour preceding the regular Sunday Christian Endeavor meeting.

This Pledge can save Thousands of Lives in 1931!

Goodrich Silvertown Inc. March 9, 1931. Salem, Oregon. Gentlemen: Every conscientious motorist should be glad to give the League his support... it means more safety for his family and himself on the highways and streets. Show that you intend to do your part by signing the pledge and stop heedless, reckless driving. Yours very truly, Signed KENT SHOEMAKER, Chief of Traffic Division.

I am heartily in favor with any movement tending to promote safety and reduce motor vehicle accidents on our streets and highways. The campaign conducted by the Silvertown Safety League is without doubt a very commendable movement in this work and has my hearty endorsement and recommendation to the people of Oregon to cooperate in every way possible. Yours very truly, Signed WALTER LANSING, Sgt. Traffic Division.

Goodrich Silvertown Inc., Salem, Oregon. Gentlemen: The Silvertown Safety League is a real service to humanity... a movement to reduce the appalling "toll of the road" through the proposition of careful driving has my endorsement and co-operation. I am glad to join with you. Yours very truly, Signed HAL E. HOSS, Secretary of State.

Say these Prominent State Traffic Officials

THE callous disregard of life and limb by **T** reckless driving... the menace to the safety of his family and himself has stirred the indignation of every conscientious driver and citizen.

Singly and alone he couldn't do very much about it.

But, together we can do something about it!

When you realize that more people were killed last year by automobiles than were lost by the American Forces during the World War and that the number of deaths is growing year by year... then we believe you will want to join in this crusade against recklessness and unsafe equipment.

Only an aroused and militant public opinion can change these conditions. Your help, your example, are needed.

The Silvertown Safety League is your means of expression. Read the pledge... nine common-sense rules... nine commandments of safety. Are you willing to take this pledge along with the prominent people of this community and abide by it? If you are... if enough people will do it... thousands of lives can be saved in 1931.

We have a pledge ready for your signature... we will see that the beautiful emblem of the League is installed on your car and give you a recognition button for your lapel. There is no cost... no obligation to buy... we simply welcome you as another soldier in the war against recklessness.

Sign up! This crusade needs you.

My Pledge as a Member of THE SILVERTOWN SAFETY LEAGUE

I agree

1. To drive as quickly as I can with the safety of others as well as myself.

2. To keep on the right side of the road, except when passing.

3. To pass only when I have done it safely and am sure there is no other car on the highway.

4. To go through intersections only when I have the right of way.

5. To observe all traffic signals.

6. To give signals myself that can be clearly seen and understood, before turning or changing lanes.

7. To drive only when in full possession of my faculties.

8. To keep my brakes, lights, and horn in good condition.

9. To permit my car to be used only when I have given my consent and to be used only for the purposes for which it was designed.

Let us install a brilliant chromium emblem of the League on the radiator of your car. It tells the world that you are in the fight against recklessness that took 33,000 lives last year.
