LAVISH SPRING MODE Variety of Dresses is Bewildering at First HARMONY CHIEF GOAL

Fashion creators have used a lavish hand in presenting the spring mode in dresses, and though you may feel that you're confronted with a style labyrinth in which you don't know where to turn first, a little thought and a little self-analysis and you will be able to assemble your new wardrobe so that it includes everything you need, and more, in the most correct, effective and charmingly individual selection that it may ever be your pride to boast of owning.

Since social life is so imperatively competitive so far as being well-dressed is concerned, it will be vogue-wise for you to play a little game that is an actual rite of the modern woman.

With Mr. Melovidoff were Professor and Mrs. Ruthyn Turner, the three making up the Chemawa string trio which played two numbers.

keep within the bounds of 11 to 13 inches from the floor for day time an sport dresses; 8 to 11 inches from the floor for afternoon frocks; and instep or floor length for formal gowns you will find quite correct, and you can find the most flattering length for both your figure and your limbs.

Short Sleeves Youthful Short sleeves are bound for much popularity this spring, and seem to have a faculty for flattering both the long thin arm and the short chubby arm.

Light Colors Light colors were given a head start this past winter, suggesting a bright note where formerly only dark shades were considered staple.

Popular Fabrics Before summer permits the wearing of cotton frocks cottons will be used extensively for lingerie blouses to be worn with the spring suits.

Narrow Hiplines Fashions favor the slender-hipped just now, and if your contour may suggest slight curves by dresses whose skirts are cleverly seamed in narrow panel or diagonal effect.

Low-Lined Fullest The sheathed, slender effect is used primarily from shoulder to waist, with pleats and cores re-leased below the hip, and it is found in dresses for every occasion.

Established Lengths You can have your skirt lengths depend upon the shapeliness of your legs, and as long as you

FOR HUSBAND

Smiles, laughter and demurement were visited on the smiling Lady Cynthia Mosley (above) in the public's answer to her speech, setting Sir Oswald, her husband's "new party" on its way.

The newer silhouette is the coattail, frequently with a ruy collar, slightly fitted through the waist, or belted at the normal waistline.

The jacket-front is the other newcomer to the stage of style, and should be widely accepted because it gives a slender effect, retaining the original trimness of the back, and a youthful tuxedo, bolero, rever or double-breasted effect in front.

The peplum, and jumper dress are two other silhouettes that will continue their popularity for the coming seasons.

Domestic Replicas of Oriental Rugs Attractive and Durable And Then There's the Price Angle, With the Widest Differential Imaginable

Not so long ago, there was as much difference in the appearance of an Oriental rug and a domestic as there is between a mod-ern pencil sketch and a mod-ern pencil sketch.

Two of the new silhouettes had their start last summer, but two of them are quite different from anything in recent years.

Short Jacket Suit With Jaunty Youthfulness is Feature of New Styles

Designed Either Along Sport Lines or With Tailoring Tending Toward Formality; Both Well-Worth Owning

THE short jacket suit has always come along with the first signs of Spring, but this year it has added charm—an added distinction—a new jaunty youthfulness that no one can resist.

There are two definite types of short jacket suits—one of a sport nature, and the other made individual by dressmaker touches which give it a more formal aspect.

The Sport Suit For the sport suit, we have the smart tweed or other rough surfaced woolen, brightly flecked with color, or all of one vivid shade, nubbed, pebbled or striped with a contrasting neutral shade.

These suits endorse skirts with fitted or yoke and simply flared or pleated treatment, with jackets varying from the usual hip length to three-quarter it is interesting to note that contrary to last season's styles, many of this year's jackets are actually longer than three quarter length—are entirely beltless.

The meeting was called Wednesday night for the purpose of going over a group of figures which Earl Adams, president of the organization, had compiled.

Mr. Adams had secured figures from the local merchants and chain store heads and had made a thorough checking of rental conditions.

The cut in wages has not been as big as that of living expenses. Committees appointed for the spring opening are automobile show, W. N. Arbutnot, Harry Lason; window prizes, Lower Rohlt; announcer, Major Eastman; musical entertainment, Robert Goetz.

TAILORED FROCKS PROPER DAY WEAR

Since clothes have been so definitely apportioned to different hours of the day, there is a particular type of frock for every occasion, if you are keeping an appointment tinged with particular interest in the afternoon, you should choose a formal afternoon frock, and for your informal evening functions, you wear the instep-length dress of Sunday night inspiration.

Thus, the all-occasion daytime dress can be only the tailored frock which, because of its becoming lines and simple distinctiveness can see you safely on the morning train to town, through your shopping or business hours, to luncheon, and even to a matinee.

An intriguing aspect, to say the least, and an inexpensive way to keep yourself well-dressed from morning to evening, there are special fabrics for these frocks—all of them woolens, ranging from the opaque, sheer fabric to the sturdier, sportier tweeds.

So far as color is concerned, you are free to choose, within the bounds of correctness. Oxford gray, brown, and navy are the best of the dark colors, while you may select a vivid hue, or even pastel.

In any event, these dresses are trimmed with gay colors, in the form of scarfs, jabots, gilets, contrasting jacket-blouse and skirts, or little blouse effects under bolero jackets.
