# POTA TO BUYING ACTIVE IN VALLEY STORMS BOLSTER WHEAT MARKET

## Butter Steady and egg Market Easy due to Heavy Receipts

PORTLAND, March 27 (AP)—With quotations unchanged, butter opened steady with receipts moderate and buying light while tone of the egg market was easy under influence of liberal receipts and price shading in some quarters in the Portland wholesale market today.

Demand continued active for practically all line of country dressed meats and poultry at around steady prices.

Conditions in the fresh fruit and vegetable trade were reported by Government Market News service as follows:

First California strawberries, arriving Thursday, showed excellent quality and moved to the trade readily at \$2.50 per 12-pint crate.

Cauliflower continues in very liberal supply with prices barely steady. Values range from 60c to \$1.25 per crate, depending on quality.

There is now fairly active buying of potatoes in Clark county, and in the Willamette and Tualatin valleys. Very limited seed potato trade is expected with the Yakima valley, but several shipments of seed Burbanks are moving to California during the next few weeks. Limited purchases of power of Yakima potato growers is limiting the customary purchase of Oregon netted gem seed stock. The Portland jobbing market continues quiet, with local demand being the dominant factor.

Receipts of California asparagus show mostly fair quality, with really fine stock very scarce. Most sales to retailers are at 7-8c per pound, with an occasional fancy lot as high as 9c.

Portland, Ore., March 27 (AP)—Produce exchange, net prices: butter, extra 25; standard 23; prime first 27; first eggs, fresh extras 17; fresh mediums 15.
