Officers of Community Club Retained for Another Year

GRAND ISLAND, March 31-The Grand Island Improvement club held its regular monthly business meeting Saturday evening, March 28, at the school house with the president, Adelbert Smith presiding.

Due to conflicting dates with the Webfoot grange the club unanimously voted to change their regular meeting time from the last Saturday to the second Saturday of each month.

The annual election of officers

due to come in February was postponed until the March meetng. A motion was made and carried to retain the officers of the year 1930 for the coming year. They are as follows: president, Adelbert Smith; vice-president, Worth Wiley; secretary and treasurer, Mrs. Cecil Will, literary chairman, Mrs. Mildred Smith and social chairman, Mrs. Hattie Lefley. Mrs. Mildred Smith appointed Worth Wiley and Charles E. Wilson as the program committee for the April meeting.

Charles E. Nelson was appointed by the president to look after the buying of a plano bench to replace the stool which has become somewhat dilapidated,

Program Varied
At the close of the business session a varied program was given. Two of the Smith-Hughes boys from Dayton repeated for practice, their future farmer speeches. Thomas Little's speech was on the "Electrification of the American Farm Home" and Dick Rockhill on the subject, "Why I few readings, musical numbers Dinner" played by Mr. and Mrs. Adelbert Smith and Mrs. Mildred Ferguson constituted the remainder of the program.

The next meeting of the club will be held Saturday evening,

# SCHOOL BAND IS MAIN ATTRACTION

SILVERTON, March 31.- The Silverton school band was one of the features of the spring opening. The band drew a large audience on the street Saturday night and many complimentary things were heard of the band.

The band and orchestra classes are among the newer ventures of the Silverton public schools, but in spite of their youth as regular subjects of the curricula of the schools. There are 60 enrolled in the band and 35 in the orchestra. Hal Campbell, formerly conductor of the 162nd infantry band of the Oregon national guard in Portland, is instructor and director of both the orchestra and band.

Mr. Campbell came here in 1928 to start the new department of instrumental music only as an activity outside of school. Even with practices held after school a great deal of interest was aroused in his work until this year, when it was made an accredited subject.

The students own their own instruments, and take their individual lessons outside of the AH three schools, elementary, junior and senior high high school are represented in the enrollment.

#### Triplex shatter-proof glass windshield has saved many lives in collisions

EVERY new Ford is equipped with a Triplex shatterproof windshield. This is made so that the glass will not fly or splinter under the hardest impact. It has saved many lives and prevented injuries in many automobile collisions.

This shatter-proof glass windshield is just one of many features that make the new Ford a value far above the price. Others are the silent, fully enclosed fourwheel brakes, sturdy steel body construction, four Houdaille double-acting hydraulic shock absorbers, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, Rustless Steel, and unusual accuracy in manufacturing.

In addition, you save many dollars because of low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.
