Spanish Program At M. E. Church Wednesday

Something unique and most interesting was the program given Wednesday afternoon by the ladies missionary society of the First Methodist Episcopal church in the church parlors. The principal speaker of the evening was Mrs. B. L. Steeves who told in a most descriptive manner, some of the interesting experiences on her recent trip to Mexico City, and it was around that idea that the Spanish idea for the remainder of the program was centered and developed. Following Mrs. Steeves' talk, the members who have joined the society this year were requested by the vice president, Mrs. Paul Edwards, who had charge of the afternoon, that they were the guests of honor for the day and lovely corsages were presented to each new member, each "seniorita" who had taken part in the program, and presiding officers, by the small daughter of Mrs. George Lewis.

A decided Spanish atmosphere was created in the elaborate decorations used about the rooms, which was brought out in the use of Spanish braverias, a profusion of brightly colored flowers, to give the Spanish color, and in the "seniorita" costume of five of the ladies of the organization. Mrs. C. E. Wilson, Mrs. E. E. Gilbert, Miss Margaret Stevenson, Mrs. Robert Fortner and Mrs. John Carlin, who also took part in the program.

Mrs. Robert Fortner added to the pleasure of the guests in the singing of a Spanish song to which she responded with a Mexican folk song. The program under the leadership of Mrs. Ronald Glover was carefully and cleverly worked out and a most enjoyable afternoon spent by the group. Devotionals were arranged by Mrs. H. F. Shaak.

About 75 members and friends were in attendance during the afternoon which was brought to an appropriate closing with the serving of Spanish refreshments consisting of hot Spanish tamales and coffee.

A cold does 3 things "Pape's" stops them all

A cold always affects you in at least three ways. First, it inflames the mucous membrane. Second, it causes the mucous membrane to become congested with acid wastes from the mucous discharge. So doctors say you must do three things to be rid of a cold. "Pape's" Cold Compound does all three! It reduces inflammation and swelling of the mucous membrane; it induces perspiration; it opens the bowels. Chew one of these pleasant tablets and you will find that the mucous discharge stops; head clears; breathing becomes easy. See how that achy, feverish, weak feeling disappears. And "Pape's" doesn't stop with killing cold germs. It activates bowels and removes germs and acid wastes from the system. All drug stores—35c. Just remember "Pape's".
