

BUILD INDUSTRY FUTURE BRIGHT

Most Supervised Activity Discussed by Speaker At Lions Luncheon

The bulb industry, which within the last few years has grown to surprisingly large proportions in Oregon and parts of California, is more supervised than possibly any other industry under government supervision. Mrs. Lester Pearmine, prominent Salem grower, said yesterday in speaking before the ladies' day luncheon at the Lions club.

Mrs. Pearmine has the finest daffodil and novelty bulb gardens in the state outside of the DeGraff plantings in Portland. An exhibit of daffodil varieties was on display at the club luncheon yesterday.

Mrs. Pearmine predicted that the embargo on bulbs in the western states would never be raised.

The Producers Novelty

Her listeners were surprised to hear that it actually takes from two to four human generations to produce one of the good bulbs of novelty variety. She declared that daffodils were receiving more appreciation than in the past, and said the time was not far distant when women especially will actually be able to go into the garden and call by name each daffodil planted there.

She said also the home gardener was coming more and more to replace the ordinary in the flower garden with the different and novel.

While the bulb industry is comparatively new here, it has a great future ahead of it, the grower believes.

BLAME CUNNINGHAM IN FRAUD CHARGES

Frank Cunningham, ex-salesman for the Pacific Life company, which Wednesday was deprived of its permit to sell \$500,000 worth of stock in Oregon, alone was responsible for fraud resulting from the sales of securities to Sadie Crang and other residents of Astoria.

This was announced here yesterday by James Mott, state corporation commissioner, who revoked the permit and ordered the attorney general to conduct an investigation of the company's affairs.

Charles E. Cone and George H. Watkins, both of Salem, were said to have refunded a part of the money obtained by Cunningham through his negotiations with Miss Crang. Cone and Watkins were directors of the company at the time of the alleged fraudulent transactions.

Mott said as far as he had been able to determine neither Cone nor Watkins, as brokers, were liable for the \$15,000 in Paramount stock sold by Cunningham to Miss Crang.

Cunningham is now being sought on charge of violating the Blue Sky law.

Head offices of the company are here.

THANKS TO HOOVER ON CHERRY RULING

Henry Crawford, president of the Salem chamber of commerce, recently wired Senator Charles McNary asking that he express to President Hoover appreciation of his disapproval of the tariff commission findings regarding cherries.

Senator McNary wired the following reply: "Today called at the White House and read your wire to President Hoover. The president was deeply grateful."

Local growers are cooperating in a movement to prevent further consideration of the cherry tariff until after July 1, 1932.

Montana Woman Says Oregon is Fortunate Now

BETHEL, April 16.—Mrs. Beulah Griffith and her daughter, Dicie of Three Forks, Mont., were recent guests at the home of Mrs. Harry Boles. Mrs. Griffith and Mrs. Boles were girlhood chums in Montana.

Mrs. Griffith reports that they had an almost entire crop of fallowing in their part of Montana last year, and the people are in very hard circumstances. She says that the Oregonians should think themselves lucky to be living here where times are so much better than in Montana.

OPERATOR RETIRES

MONMOUTH, April 16.—District telephone superintendent, C. E. Clyde of Eugene was in Monmouth this morning, and appeared Miss Frances Snyder to succeed her mother Mrs. Eugene Snyder as night operator here. Mrs. Snyder, who has reached the retirement age necessitated by the organizations' rules, was given two weeks vacation on pay commencing today. She has served in capacity of night operator here for ten years. Miss Frances Snyder was formerly chief operator at Monmouth, resigning some years ago to accept a teaching position in the commercial department of the Cushman high school.

MARKERS ON ROAD

GERVAIS, April 16.—Markers in the regulation black and white have been placed at the intersections of Third and G streets and Fourth and G streets by the A. A. A. pointing the way to St. Louis at the west and Pacific highway, Woodburn and Salem at the east.

Certificate For Water Service Is Not Granted

The public utilities commissioner Wednesday dismissed the application of the Cascade Utilities company for a certificate of public convenience and necessity for furnishing water service to the town of Oakridge, Lane county.

The commissioner also dismissed the investigation of the rate for the transportation of saw logs in cars over the lines of the Southern Pacific company from Mayo to the log railway at Monfsee.

STAYTON CHAMBER WANTS GOOD ROADS

STAYTON, April 16.—There was an unusually good attendance at the chamber of commerce meeting Tuesday evening. His talk about economic conditions, unemployment and other important problems of the day was a revelation to most of his audience. W. H. Hobson was a special guest for the evening, and the judges paid him many fine compliments as to his integrity in political affairs.

Frank Jones, district manager for the A. A. A. gave a talk on good roads. Sam Matheny of the Silver Creek Falls country accompanied by two of his neighbors was on hand to present the chamber of commerce in a newly proposed road in his part of the country, which would make the distance to Stayton about five miles shorter than the present road.

Frank Carter, who drives the school bus in the Union Hill country, reported on the condition of new road on Silver Creek Falls loop, especially between the Matheny and Brown places, and the chamber members felt that it should be called to the attention of the county court. It is hoped that the road will be repaired sufficiently to enable school buses to operate all winter.

RETURN FROM BEACH

AURORA, April 16.—Mr. and Mrs. William Asquith have just returned from Newport, where they were called by the serious illness of Edgar Hocking and his entire family. Mrs. Anna Hocking, mother, Mrs. Edgar Hocking and son Billie. The Asquiths remained several weeks. They are partially recovered from a severe case of influenza. Storms at sea, with heavy winds and a rough sea, and the weather conditions reported at the coast.

JAMES PARROTT DIES

AURORA, April 15.—James Parrott of Parrott hill died at an Oregon City hospital April 14, at the age of 80 years. His body was brought to Miller's undertaking parlors. Interment will be at the Pleasant Hill cemetery. Funeral arrangements have not been completed.

"NOW I EAT WHAT I LIKE," POPULAR WOMAN DECLARES

One after another, men and women all over the South and West are coming right out in public to tell others about this simple method to end indigestion and the gas, bloating, heartburn, headaches, etc., it causes.

Just the other day, Mrs. Jewell Bainbridge, popular owner of the Browning Hotel, Oklahoma City, Okla., enthusiastically declared: "At last I have found real relief for indigestion. I eat what I like now without fear of that old heavy feeling of stuffiness or of headaches and nervousness."

"I suffered with indigestion for many years; tried soda and many other things for it without success. But the first few tablets of Pape's Diapepsin convinced me it was the thing I needed. The stuffy feeling, headaches and nervousness after meals just disappeared. I am sure grateful to the friend who got me started on it."

Pape's Diapepsin is perfectly harmless; will not form any habit. Get a time something disagreeable, chew one of the candy-like tablets. See how the burning or pain disappears! If you wish to try them before buying, write "Pape's Diapepsin," Wheeling, W. Va., for a FREE sample box.
