

POWER PLANTERS FINISH ONION JOB

LABISH CENTER, April 29.—Onion planting on the Hayes Labish farms was completed Wednesday. With a large crew and the use of power planters, the

seedling has been rushed as fast as possible, with both day and night crews working on the preparation of the ground. About 50 acres had to be replanted following the flood of several weeks ago, and approximately 15 acres following last week's severe wind storm. The fine beaver dam soil was blown extensively, and with it the seed.

Mr. and Mrs. A. F. Hayes and family removed from Salem to their home on the Hayes holdings here last Saturday.

The monthly business and social meeting of the Christian Endeavor society will be held Friday evening at the H. E. Boehm home. Preparations are being made by the social committee for an unusual social time.

Mr. and Mrs. E. G. Hornschuch and daughter, Erma, and Lawrence Elmer, motored to Gatzby Sunday, where they attended services at the Evangelical church. Mr. Hornschuch's brother, who was pastor there, preached his farewell sermon that day. He has been stationed at Tacoma for the ensuing year.

Now Drill and two companions have been arrested at Madison, Wis., charged with kidnaping co-ed wife, Miss Helen Drill. He denies the charge.

EASTERN COUNTIES ASKING ROAD WORK

Highways Three Directions From Burns Sought One From LaPine

A delegation of citizens from Harney, Lake, Malheur and Grant counties conferred with Governor Meier here Wednesday in connection with a proposal to construct and complete certain highways in southeastern Oregon.

Among the most important of the highways under consideration are those extending from Lakewick to Burns, Vale to Burns, Pendleton to Burns and LaPine to Lakewick. It was argued that the completion of these highways would reduce materially the distance between Portland and Central Oregon points and eliminate much of the congestion on the Columbia river highway. The cost of construction would be nominal, the visitors said. Will Make Request Before Commission Before Commission conferring with the governor the visitors discussed the proposed highways with C. K. Spaulding, a member of the state highway commission. The delegation will attend a meeting of the state highway commission today in Portland, where they will reiterate the argument made to Governor Meier Wednesday.

Although Governor Meier refused to commit himself, he told members of the delegation that they would find the highway commissioners fair and willing to cooperate.

Spokesmen for the delegation said they had no complaint to make of the highway commission which had been fair in its dealings with eastern and central Oregon.

The proposed highways would be constructed by the state highway commission and the counties cooperating.

Walker Charges Are Dismissed By Roosevelt

NEW YORK, April 29.—(AP)—Governor Franklin D. Roosevelt Tuesday dismissed the charges on which the city affairs committee asked him to oust Mayor James J. Walker from office.

The governor declared he did not find "sufficient justification" in the complaint for further action against the mayor. He said it was fundamental principle of the state government that the people of the various communities elect their own officials. The greatest caution should be exercised, he declared, before the governor interposed "to annul the deliberate decision of the voters."
