AURORA HAS MAY PROGRAM

White, Donald, Butteville and Aurora Schools Combine

AURORA, May 4.—May Day was a happy one for the pupils of White, Donald, Butteville, and Aurora school districts, as a Heralds of Health program was given at the Aurora grade school gymnasium, a building which proved adequate to house the large numbers present.

Mr. Morrison, principal of the local school as master of ceremonies introduced Mrs. Mary Fulkerson who presented Heralds of Health buttons to pupils of the four schools combining to make it a day long to be remembered by those children. A large percentage of children from each district represented were up to the high standard required to receive a button.

The program consisted of plays, songs, recitations, first aid demonstrations rendered by children from each school, bringing out some phase of health and cleanliness.

The red cross song of service was appropriate as the members have made sun suits for the tuberculosis hospital, portfolios for Africa and Australia and members of the fifth and sixth grades are making wooden toys for children in the Doernbecher hospital.

"Picking Daisies" a song by eight girls all in white wearing daisy wreaths and recitations were given by the White school, Mary Yergess, Marjory Murry and Walter Racette gave recitations and a song and dialogue "Cleaning Brushes" were contributed by the Butteville district.

Dance is Attractive

A colorful and artistically designed costumes of the perfectly trained dancers who took part in the May pole dance from Donald called forth much favorable comment as did a recitation from that school.

A song "Sleepy Town Express" by tots in pajamas, from the primary room of the Aurora school was charming. "Muddles from Mussy Land" a play the fourth and fifth grades with Jimmie

Rare Flower Is Discovered Near Silverton

SILVERTON, May 4.—A large clump of what the local botany class designated as *Fritillaria lanceolata*, found on the Del Barber farm on the Silverton-Mt. Angel highway, has attracted much attention in local flower groups. Mrs. Barber brought some of the flowers into town where many remarked at their beauty and size. She was told their botanical name and that they were more commonly called Rice-root lily or Spider Lily.

The Barbers, who are with the Hubbs Planing Mill company at Silverton, purchased a small farm out of town early this spring and drove back and forth to their new home. The place is situated right across the highway from the well-known Ole Hovde poultry farm.

Strickland as a dog and Robert Grow as a cat was clever. "First Aid Demonstration" by pupils of the Miss Johnston's class was given by Doris Gilbertson, Ernestine Flannery, Martha Bradt, Freddie Ehlens, Eldon Harrison and Arthur Tomlin.

A basket dinner was spread at noon. Ice cream was served through the courtesy of the local school board.

In the afternoon Mr. Ayres of Butteville directed games of volley ball, in the gymnasium until the rain stopped, and the boys chose up for baseball. The small children were directed in games by Mrs. Gibbons of Aurora, Mrs. Delmas of Donald and Matilda Gillis of the White school.

DORIS CRAMER WINS

ROSEDALE, May 4.—In connection with the Sunday school convention here Sunday afternoon, Mrs. H. F. Shanks of the South Salem W. C. T. U. conducted an L. T. L. temperance contest. The following girls from Salem participated, Doris Cramer, Arleta McClain and Frances Gildow. Doris Cramer won the silver medal with the reading "What Sort of a Man." Betty Hurley, who had won the medal in a former contest, also gave her piece, a selection from "Samantha Allen n' the equality of the Sexes."

yet you'll find me wherever 'the boys' get together"

Up in this bird's nest of a turret, or breasting the tides of a crowded city street, one welcomes the company of a good cigarette. And a good cigarette means good tobacco. What smokers taste in Chesterfield is the aroma of riper, milder, better tobaccos, blended and cross-blended to bring out their finest flavor and fragrance.

They're MILD—and yet they SATISFY!

FOR NINETEEN years, our Research Department has kept intimate touch with every new development of science that could be applied to the manufacture of cigarettes. During this period there has been no development of tested value or importance to the smoker which we have not incorporated into the making of Chesterfield cigarettes.
