

SUMMER ACTIVITY AT Y. STRESSED

Association Publication is Out With Swimming and Life Saving Topics

Summer Activities number of the Salem Y. News published by the Y. M. C. A. of Salem is off the press. Features of the issue include swimming and life saving.

A picture of the "Y" pool is the main attraction of the inside two pages and shows the pool with about 100 boys around the edge. A catch phrase illustrated by a cartoon insists: "Some people drink filtered water—we swim in it."

Special rates are offered to all types of people: business men, seniors, young men, high school boys, junior high school boys, grammar school boys, matrons and business women, high school and junior high girls, and grammar school girls.

Activities included in the special membership are swimming any day except special times, swimming instruction, life saving, use of showers, gymnasium, handball courts, special game periods, lobby and reading room, supervised game room.

Swimming instruction will be conducted in most of the classes by trained instructors and the tank will be under supervision at all times.

The Y. officials point out the advantages of pool swimming over river swimming as being in the realms of purity, danger, protection.

Tests are made of the water twice each week by the bacteriology department of Oregon State college: it is as pure as the finest drinking water. Camp Oceanside for boys is given publicity. The first camp will be for boys 13 and over, July 20 to 30, 12 days, for \$13.

PAGEANT INTEREST PROVES EXTENSIVE

Prof. J. B. Horner, department of history, Oregon Agricultural college, writes that he expects to see a crowd attend the presentation of the Pageant of the Pioneers from Corvallis, Friday and Saturday of next week. It is planned to order a block of tickets. Prof. Horner says he predicts an enthusiastic endorsement of this beginning of the movement for a great celebration of the missionaries, at the state fairgrounds in 1934.

If this develops as predicted, Salem people who order their seats late will find themselves obliged to take the back rows. Intensive practice is going on under the auspices of Prof. Rahe, director. Those wishing to make a preliminary study of the pageant should buy copies of the

QUICK COMFORT FOR STOMACH ILLS IN DIAPEPSIN!

"I am eager to tell others about my experience with Pape's Diapepsin," says Mrs. B. Eastman, 1200 California St., Denver, Colo. "I tried a lot of things for indigestion, but nothing really helped until a friend persuaded me to take a few tablets of this wonderful preparation."

"Now I even eat cabbage without any distress afterwards. It used to cause real suffering. I am not nearly so nervous as I used to be; feel much stronger and better in every way."

A medicine must have real merit to bring forth enthusiastic statements like this. And when not one, but hundreds, even thousands, are telling the same story of success, there seems no reason to doubt the day-in and day-out reliability of Pape's Diapepsin to help stomach sufferers.

These harmless, candy-like tablets, which relieve the heartburn, nausea, belching, headaches, dizziness, gas and other symptoms of indigestion or "acid-dyspepsia" so quickly and pleasantly, are swiftly becoming the world's most popular remedy for digestive ills. Millions of boxes are used yearly! All drugstores sell them or, if you prefer to try them before buying, write "Pape's Diapepsin," Waco, W. Va., and you will receive a sample box FREE.

The net returns go to the parent fund, for the promotion of the centenary celebration. This will be Salem's first great appeal for international recognition as the place of historic beginnings on the Pacific coast.

TREBLE CLEF CLUB GOES TO PORTLAND

Music week activities for Willamette university include the sending of its Treble Clef club women's glee group, to the civic auditorium in Portland Saturday night for the finale of the Portland program.

The group will sing Sunday morning in the Sannyside Methodist church. Sunday afternoon the women's glee group will sing over station KGW at 5:15 o'clock, and at the Rose City Park Methodist church Sunday evening.

Due to the fact that the First Methodist church choir consists mainly of Willamette singers, this church group will not be a part of the large ensemble choir to sing in the armory Saturday night.

Farmers Want More Rain to Aid Plowing

SUNNYSIDE, May 7 — The orchards and fields of this district are now on the sunnyside of life after the washing out of the Washington soil carried by the big dust storm. Trees and bushes had the appearance of late summer.

ADOPT RESOLUTION ON T. B. KAY DEATH

Y. M. C. A. Board Recognizes Service and aid of Late Treasurer

The monthly meeting of the Y board of directors was held Thursday noon. Reports showed satisfactory progress in keeping within budget estimates and in retiring previous deficits. Plans were announced for swimming instructions during the week May 12-19 and May 25-June 6.

The celestial messenger having visited our circle since our last meeting and summoned the immortal spirit of Thomas B. Kay to the fields of asphodel beyond the stars, we wish to enter on the final scroll a record of face fact that we have lost from our ranks one of the oldest, most able and enthusiastic and consistently helpful workers on the board of directors of the Salem Y. M. C. A.

Besides giving liberally of his means, he gave unstintingly of his precious time—for he was ever a busy man and concerned in large affairs. His wholehearted support was one of the most potent influences in keeping this institution on its upward march with a growing and broadening service to the community, the state, the nation and the wide world.

The board of directors of the Salem Y. M. C. A. hereby makes unanimous acknowledgement of the worth of Mr. Kay to this organization and this city, and to the altruistic forces for good that are leading all too haltingly the world's peoples to answer in the affirmative the first recorded social question of history, "Am I my brother's keeper?"

To those near and dear to our departed comrade, taken almost without warning from the activities of this life, we extend our heartfelt sympathy, knowing that we speak the sentiment of the whole city and the entire state. Our poor words—any words—are weak in giving expression to the thoughts that are in our minds and the feelings that are in our hearts. Let us join in a meagre tribute to a life of singular usefulness to the fond memories of which will abide with us to the end of our days, and the enduring results of which are for time and eternity.

But nine of the complaints were contested. Charges for the divorces were as follows: Eighty-seven cruel and inhuman treatment, 45 desertion, five miscellaneous. Children involved numbered four over 11 years and 92 under 11. Children whose ages were not recorded numbered 27, totaling 133 children involved in the 187 divorce proceedings.

The couples had lived together all the way from a few months to 40 years. The figures show the following results: One to 5 years, 58 couples; 6 to 10 years, 25 couples; 11 to 20 years, 23 couples; 21 to 30 years, 22 couples; 31 to 40 years, 2 couples; not recorded, 3 couples.

They returned by way of Seaside, Tillamook, Hebo, Dallas and Salem. At Hebo they ate their evening lunch with Mr. and Mrs. J. B. Couey, whom they knew at Sebo. SILVERTON PLANS UNIQUE PROGRAM

Visible Broadcast to Feature Music Week Observance

SILVERTON, May 7 — The third program of National Music week to be given at Silverton will be that of Saturday night at which time a broadcast of local talent from a visible studio will be featured. This has been made possible through the courtesy of Alfred Adams, manager of the Palace theatre, who will loan his new \$2,500 broadcast car, and R. B. Duncan, manager of the Silverton Stiff Furniture company store, who has given the use of two of the store's largest display windows for the arrangement of a regular broadcasting studio.

Because of Mr. Adams' theatre work, this program has been arranged at a rather early hour. It will begin promptly at eight o'clock. The program which the Music Week committee has arranged consists of the following numbers: Introduction by Mayor L. C. Eastman; vocal duet, Frances Nelson and Ethel Smith; harmonica number, Rudd Bentzon; reading, Weston Smith; selection, Eastman quartet; selection, Harbo Thompson and his boys; five minute talk, Robert Goetz; selection by Girls' trio, Cathaleone Cuddy, Elaine Clower and Mrs. Alvin Leonard; selection, high school girls' quartet; violin solo, Irene Morley; piano, Edward Lais.

Many times each day we are asked "What's the price of your cheapest Garden Hose?" We always reply "\$9.00 for a 50-ft. coil." That's the highest priced hose and also the cheapest in wear value. It's true we have hose as low as 9 cents per foot and it's also true that we could sell hose for 5 cents, but we value our "Quality Goods for Less" motto too highly.
