Lounsbury said two Chicago police "detectives, Sergeants Roy Steffens and Charles Tostanski who participate in the raid, had been on the trail of the gang for months and were "just two hours behind" St. Joseph, Mo., police, who arrested Murke near Milan, Mo., several weeks ago.

Thomas O'Connor, one of those arrested, was described as "a close associate of Burke," now serving a life sentence for the murder of a St. Joseph, Mich., policeman. "Pat" Lee, another, is wanted in Chicago on an old murder charge.

TWELVE PIANISTS' PROGRAM UNUSUAL

that given by the Chemawa orchestra before a very large audience in the Y. M. C. A. lobby. Alexander S. Melovidoff was the director of the eight pieces, violin played by himself, clarinet, Allen Shepard, trumpets, George Bent and A. Gouley, trombones, Charles Larson, sax horn, Ruthy Turner, drums, LeRoy Pepton, and piano, Mrs. Ruthyn Turner.

Excellent conception and tone quality marked each of the numbers played. Miss Marie La France, mezzo soprano, and Miss Alice Stamer, soprano, were soloists and received much appreciation for the sympathetic presentation of their numbers.

Alexander Melovidoff pleased the audience with a violin solo, "Dear Dance," Skilton. Splendid technique and intelligent conception added much beauty to this number.

Mrs. Ruthyn Turner gave a satisfying and sympathetic accompaniment to all the solo numbers.

Through the cooperation of the chamber of commerce the Cherrians sent eight members in the official Cherrian uniform to usher for the armory program. Ushers were H. R. Worth, Gus Hixson, Frank Myers, George Arbuckle, J. H. Maden, St. Eakin, Lester Davis, and C. E. Wilson.

the spirit of the music week this year that this program should be a "choir festival of music," the choir being those from nine Salem churches. Each has been practicing under its director in general practices have been held with Prof. E. W. Hobson as the general director, and who will direct the program tonight.

Significant too, of the spirit of cooperation which has been present throughout the week is the fact that the Portland Apollo club will send a delegation to Salem to sing on the program with the choir.

Miss Ruth Bedford will be the accompanist tonight for two numbers and Miss Margaret Nots will accompany the Apollo club in one number.

The program as planned includes the choir of the First Christian church, First Methodist church, Knight Memorial, American Lutheran, First German Baptist, Calvary Baptist, First Evangelical, First Presbyterian, and James Lee Memorial.

A slight admission price will be charged as was charged for the piano ensemble given at the armory Friday night. This is done in order to cover the expenses incurred incidental to giving the music week programs.

ROUTES OF SCHOOL BUSES OUTLINED

(Continued from page 1)

Supt. Mary L. Fulkerson, secretary of the boundary board, reported. She points out that this is not costing the district or taxpayers any more, for payment to the bus owners is made per capita hauled and not per mile traveled.

The same road is traveled in some instances because each bus finds it more convenient to use one road than to travel poorer or less accessible roads, as for instance Silverton and Salem buses each use the same road for a short distance between Pratum and another school.

The county agreed some time ago to continue payment of \$40 per pupil as its transportation rate.

CHEMAWA DEFEATS NORMAL BALL NINE

CHEMAWA, May 8.—The Chemawa Indian school ball team stepped up into supposedly faster company Friday when it journeyed to Monmouth and defeated a surprised Oregon Normal school team 6 to 1.

Monmouth outhit the Indians but Virette kept them well scattered and bore down when there were men on bases, striking out six and issuing no free passes and keeping the hit balls on the ground or high in the air for the most part. He also received good support, Santee cutting off one run by a perfect throw from the outfield.

The Indians sewed up the victory in the ninth by pounding in three runs. Corbett started this rally after one was out with a single; S. Alexander followed with a double, and on Santee's single immediately following, the teachers threw the ball away and Corbett and Alexander scored. Santee advanced in the meantime and came home on Hall's hit.

BROOKS PUPILS ON LONG HIKE

Larch Mountain Trail Provides Thrills and Spills For Youngsters

BROOKS, May 8.—The principal of the Brooks grade school, Werner Ras, accompanied by the intermediate teacher, Miss Leta Wallace and primary teacher, Miss Doris Wood took a group of the grade school girls on a hiking trip Friday evening.

They left Brooks about six o'clock in the evening and went to Crown Point, and from there to Maltman Falls, where they left their car and started to make the ascent of Larch mountain at 10 o'clock at night.

From a point above the falls they came in contact with damage of the past winter, a bridge was out and a land slide over the trail. They were stopped occasionally by trees across the trail and washouts, in several places they had to ford creeks and while resting on a rock at one of these places in midstream they ate their lunch.

While sitting on some rocks, Ada Hutto became overbalanced and fell into the water. This happened about one o'clock Saturday morning. After putting on dry clothes borrowed from the others, they continued their trip up the mountain to a point three and one-half miles from the falls, where they found a barricade of logs across the trail. They hunted for a new trail and failed to find one and started back down the mountain, reaching the bottom at day-break. Prof. Ras took them to the beautiful farm of his parents near Multnomah, where they had breakfast. After a good rest and dinner they motored to Portland and visited the zoo at the city park, and drove along Council Crest range viewing Tualatin valley and the city of Portland, arriving home about five o'clock Saturday evening.

Those enjoying the trip were: Hattie Aspinwall, Norma Roberts, Helma Reed, Lois Lavette, Pearl LaFemme, Mary Clark, Marie Bosch, Ada Hutto, and Dorothy Nelson and the Brooks school faculty, Werner Ras, Miss Leta Wallace and Miss Doris Wood.

Another hike is being planned by Prof. Ras for the upper grade pupils, to Paradise Park on the slopes of Mt. Hood at the end of the school year.

CANNING COMPANY BONDS FORECLOSED

Foreclosure proceedings on a \$60,000 bond issue were filed in circuit court today by H. M. Hawkins and Thomas A. Roberts, trustees, against the Northwest Canning company. Mr. Roberts, trustee of the bondholders, reported that strenuous efforts will be made to keep the cannery in operation.

The bondholders, in session last Saturday, decided to request the trustees to institute the suit to foreclose on 40 bonds of \$1000 each and four of \$5,000 each. This move, it was said, was the most feasible to get the plant up on a better financial and productive basis.

The foreclosure covers real property as well as all equipment. The suit sets forth that about six months ago Hawkins resigned as trustee, leaving only Mr. Roberts. It is believed the plant's production will be curtailed only a short while. It annually cans from 150,000 to 250,000 cases.

Bonds involved are held largely by Salem men.

Husky Track Team Winner Over O. S. C.

CORVALLIS, Ore., May 8.—University of Washington track men established one new northwest record here today while routing Oregon State college, 83 1/2 to 47 1/2, in the opening dual meet of the 1931 season.

Bale, Mantell, Genung and Captain Talbot Hartley, Washington, stepped the mile relay in 3 minutes 20.7 seconds, crashing the former record of 3:22 set by Washington State college in 1916.

Oregon State took five first places and tied for one other. The Beavers were stronger in the field than in the track events.

In the only other high mark of the meet was Carl Ayers' javelin heave of 192 feet, 8 inches.

The two-mile race, won by Smith, Oregon State, furnished the most thrilling entertainment of the entire meet. Harrell, Washington, set the pace for seven laps with Smith following him closely. On the last turn Smith stepped ahead to win by a full 50 feet.
