

HUBBARD HIGH GRADUATES SIX

HUBBARD, May 21—The stage in the city hall was beautifully decorated Monday by Pierre Traglo, interior decorator for the Crown Flour company, and Mr. Stevens also a representative of the company in preparation for the commencement exercises which will be held May 28 at 8 o'clock p. m.

The senior colors of green and white paper strips were artistically hung over a background of dark orange paper covering the three sides of the stage while its base was decorated in green paper overlying a white background.

For three consecutive years, Mr. Traglo of Portland, has had charge of the hall decorations for the seniors of the Hubbard high school. He is a friend of George Knight of Hubbard who is also a representative of the Crown Flour company and it was because of this friendship that Mr. Traglo offered his assistance in beautifying the hall for the senior class.

The seniors of the class of '31 are Miss Marie de Lospinae, Miss Ruth Ingalls, Miss Amy Herberberger, Miss Emily Koutay, Joseph Weaver and Rollie Bidgood.

CAR GOES IN DITCH

JEFFERSON, May 21—J. N. Thompson met with an accident early Monday morning, one mile north of town. He was traveling north in a Chevrolet sedan, when he fell asleep for an instant, causing the car to leave the pavement, turn completely over, and land bottom side up with wheels spinning. The car was badly damaged. Thompson was uninjured, but the man who accompanied him sustained a badly wrenched hip.

BERRY CROP SHORT

HUBBARD, May 21—Hubbard strawberry growers estimate a ten percent yield of berries this season. The late frost hit the plants at blossoming time causing the blossoms to drop off thus accounting for the great shortage of crop.

CASCARA BARK MARKET STARTED CORN-BREAKS SEASON LOW MARK

Good Volume; Gain in Butter Output is Reflected

PORTLAND, May 21—(AP)—Movement of cascara or chittom bark to market is getting well started, according to the Pacific Coast Cascara Bark Co. The peel is said to be of expected liberal volume to date. Purchases here are being made 5c lb.

Great increase in the output of butter in the Portland trade territory during recent months is reflected in the latest survey of the situation. The increase was extremely marked from country points which indicated the manufacturing trend is going back to primary points. From January 1 to date the receipts of butter at Portland were placed around 2,248,000 lbs. compared 1,084,000 lbs., a year ago.

Butterfat values continue more or less uniform here but much unchanged. General trade conditions in the egg market continue without price changes of consequence. Decrease in supplies is noted in practically all sections of the west but demand is not improved.

Price Hits 48 Cents; Shipping Slack is Cause of Drop

CHICAGO, May 21—(AP)—Shattering the season's bottom price record, corn today dropped below 48 cents a bushel the first time in 1931.

Traders were confronted both by a lull in corn shipping demand here and by cheap tenders of corn from Missouri river territory. Stop-loss selling followed, with bears contending that corn still was high in relation to other grains and foodstuffs.

Corn closed nervous 1/4-1 3/4 cents down, wheat unchanged to 1/8-1/4 off, and oats at 1-1/4 to 1-1/2 cents to a shade advance.

BETHEL SCHOOL HAS LAST DAY PICNIC

BETHEL, May 21—A well attended picnic marked the close of school at Bethel on Tuesday. The pupils had work to do the first part of the forenoon. Then they were dismissed and played games until noon when a fine dinner was served on long tables in the school room, by the women of the district.

The teacher, Mrs. Carmelite Weddie, provided a most generous treat of ice cream and candy. The afternoon was spent playing ball. The game in which the pupils played against the grown ups resulted in a victory for the pupils of 25-10.

S. Hamrick and J. R. Carruthers umpired the games. Mrs. A. Youngblood of Salem was Mrs. Weddie's guest for the day. Mrs. Weddie is to return to the Bethel school in the autumn.
