Orchestra Directed by Dr Seitz has Made Great Progress, Revealed

The Salem Symphony orchestra and its assisting artists found a warm welcome awaiting each number of the program presented Wednesday night in the armory. The program moved swiftly and its diversity kept the interest of

The interpretation of "Oh Hall of Song" from Wagner's "Tannhauser" was delightfully and sensitively done and at all times Mrs.

Consider your adam's Apple!!*

Don't Rasp Your Throat With Harsh Irritants

every man-every woman has one. Touch your Adam's Apple with your finger. You are actually touching your larynx—this is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your "TOASTING" expels certain harsh

igritants present in all raw tobaccos. These expelled irritants are not present in your LUCKY STRIKE-the modern cigarette. We sell these expelled irritants to manufacturers of chemical compounds. Everyone knows that sunshine mellows—that's why the "TOASTING" Process includes the use of Ultra Violet Rays. LUCKY STRIKE -made of the finest tobaccos-the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret and exclusive heating process. It is this process that expels these harsh irritants. No wonder 20,679 American physicians have stated LUCKIES to be less irritating. No wonder LUCKIES are always kind to your throat. And so we say "Consider your Adam's Apple." Be careful in your choice of cigarettes.
