IT HAS BEEN SAID AND WISELY TOO, WE BELIEVE

that it doesn't make much difference to the man in his bare feet whether shoes are selling for six bits or six dollars if he hasn't the six bits.

POLLYTIX IS BAD BUSINESS

for folks to talk about while in business, that is unless you know more about 'em than we do.

Nor Do We Like To Disguss Pessimistic Subjects

yet we are inclined to view the coming winter through just that color glasses. We hear this question disgusted every day—What is the cause of this depression?—Well, we don't know of course what brought it about, but we did read an article in a magazine the other day outlining the merits of mass production and the so - called elimination of wast, allowing machines to do the work men used to do, and the concentration of wealth, elimination of small town stores and shops, forming big chain trusts, and according to this gentleman's argument those things have made it possible for the poor man to have a lot of things at a lower price than otherwise would be possible. At this we offer no argument. Yet, what difference does it make to the man who has lost his job through this mass production period whether prices are high or low, if he hasn't the price, be that price a dime or a dollar? We believe, as do thousands of others all over the world, that that policy is in a large measure responsible for present conditions.

Be That As It May Though However

the smart individual will not be misled by all the stuff they hear about times gettin' better because times will only be better for the one that really prepares for better times. We'd say start right now to prepare for this winter. We have nothing against the chain stores personally, yet if we were not in good standing with local business firms we'd feel that now is the time to make that move, granting that a few pennies may be saved buying from the chains. Prices, however, do not bear that out. We may be right or we may be wrong, but of this we're sure though, we're doing our best to save you as much of your hard-earned money as we possibly can. And that is appreciated by our customers, of that there can be no doubt, because the sales at the Market are growing daily, in fact sales have doubled in the last five mo nths.

BUSICK'S at the MARKET

NOT A CHAIN STORE

Here's one of the Best Bars of Naptha Soap we've ever been able to offer our customers. According to the Mount Hood Soap Co., a better bar of soap could not be made by them if they could get a Dollar Per Box for it. And they've been making Soap longer than we've been using it, and that's a long time. They call this new Soap Feldman's Naptha, not because there's a Soap with a similar name but because that's their name 25c is the Price

and by the way this Price of 17c Per Pkg. is an Introductory offer, so say Pillsbury's. Personally we don't believe you could get a better cereal for the money anywhere. Pillsbury's Whole Bran

59c 2 Pkgs. ...

In looking around for something a little out of the ordinary for our customers, we found the Market was over sup-plied with Fancy Cu-cumbers. We mean by Fancy the large Dark green, fine texture, green, fine texture, small seed, sweet, crisp meated ones. This grade is usually shipped to the larger cities where a better price is obtained but, as stated above, the Market is flooded, hence this nice quality grown by Bagley and Field at about the same price as culls ordinarily sell for "Oh" yes, almost forgot 'Oh" yes, almost forgot 3 for

Now, Ladies and Gentle-tlemen, in closing, it's a sad thing we'll admit but all good things must come to an end and just between you, me and the lamp post, it would suit us pretty well if some of the Bad things would come to an end; but as we started to say in closing, that is we were closing, until that bright thought entered our head about the Bad things ending.

But once we start clos-ing, there's no doubt about our doing it be-cause we're about outa space. Now we don't know what to say in closing. We know we can't quit without saying something. Guess we'll just say good by, and we'll see all of you at the Market,
