Island airport, visited the standal plant at The Oregonia and at night naw the Beavers a night ball game. The Call **Church Street** Flume Work is By OLIVE M. DOAK Now Under Way WARNER'S ELSINORE

Construction of a flume to parallel South Church street north of the new bridge is now under way, City Engineer Hugh Rogers reports. The flume is to be 122 feet long and will be of reinforced concrete. constructi It serves as a spillway for the industrial flume coming from the southeast and carrying water in-

ing on South Church street proceed. The paved width of th street will be increased from 3 to 45 feet to conform to the width of the bridge and to the pavement south of the bridge.
