STAYTON'S SCHOOL BUDGET APPROVED

Record Vote Cast, 58 to 17 For Expenditure; Cost Per Pupil is low

STAYTON, June 29.—A special meeting, called to vote upon the budget for the Stayton schools, brought out more people today than any previous meeting in the history of the Stayton schools. While the budget asked for only \$9475, as in the past three years, and while the records show that the school has been run as economically or more so than any school in the state, there were 19 who voted against it. There were 77 votes cast, 58 voting that the budget be adopted.

Income from transportation in 1928-29 was \$2739.17 while in 1930-31 it was \$1615.06. There is a balance on hand of \$15,164.48. It was shown that the cost per pupil was \$99.46, also that Stayton is only one of 10 schools in the county with a cost per pupil of less than \$100. State and school bulletins gave Aumsville \$116.80, Scio \$117.90, Silverton \$119.95, Jefferson \$127.82, Turner \$161.38 and Mill City \$175.37, cost per pupil.

The Stayton school board is made up of Grant Murphy, lumberman, chairman; J. W. Mayo, cashier of the Bank of Stayton, and Dr. H. A. Beauchamp, physician. Hon. W. H. Hobson, retired, is clerk, a position which he has filled for many years. In fact all of these men are veterans on the school board, being reelected from year to year. They have seen the schools make a substantial gain in the past several years.

MISSOURI PEOPLE SHOW EACH OTHER

About 600 Gather Here for Second Annual Picnic; Prizes are Awarded

The Missourians "showed each other" Sunday just how loyal they each were by reporting to the number of about 600 for the second annual Missouri picnic held at the state fairgrounds. Toy balloons floating from the pudgy fists of children, music by the Killie band, contests of all sorts made the fairgrounds look like an old-fashioned Fourth of July celebration.

Music by the Killie band and community singing led by Jerry Sawyer, and registration of guests during the morning hours was followed by a basket picnic dinner.

The afternoon hours were occupied by an address by Martin Perry, visiting between the sons and daughters of Missouri, and contests and election of officers.

E. W. Harland, of Salem, was reelected president; N. D. Keefe, of Lebanon, reelected vice-president, and Holt Stockton Sheridan was reelected secretary-treasurer for the coming year. The next meeting will be held in June, 1932, at the state fairgrounds.

Four contests were held, one for the oldest Missourian present, won by Col. J. C. Cooper, 88, who came from Mt. Vernon, Lawrence county, in 1866, and now lives in McMinnville.

A second prize was awarded Mrs. Lavina Ann Comegys of Amity for being the oldest settler in Oregon to come from Missouri. Mrs. Comegys came from St. Charles county by covered wagon in 1848 and settled in Polk county near where Broadmead now stands. Captain Purvine was leader of the train.

The prize for being the latest settler in Oregon who came from Missouri was awarded Johnson Lucas, who came from Trenton, Grundy county, May 6, 1931, and settled in Albany.

The Missourian having the largest family present was Clarence Martin of Salem, from Diggs, Webster county. Seven children were present Sunday.

The Missourian present who had been married the longest time was J. D. Brown, formerly of Mer-

cer county, Missouri, and now of Sheridan. He is 76 years old and has been married 53 years.

The registration revealed one interesting fact—four generations of the Barkhans family were present, Mrs. Kate Barkhans, 79 years old; Mrs. H. F. Barkhans, 60; Mrs. L. A. Bennett, 39, and Robert Bennett, 16, all of Hood River. They came from Nodaway county.

School Clerks' Bonds Arriving At Office Here

About one-third of the school clerks in Marion county have school year, according to Mrs.

turned in their bonds for the new Cora E. Reid, acting county school superintendent.

Bonds should be filed with the county superintendent by 30 days following the annual school election, which was held June 15. The school board in the district the clerk serves should approve the bond on or before 10 days after the election.

THE NORGE ELECTRIC REFRIGERATOR
A roller rolls
and there's ice.

Sounds simple, doesn't it? Yet the actual operation of the Norge Electric Refrigerator is even simpler than that. For the Rollator—the sturdy heart of the Norge—is the kind of a mechanism that you can forget, except for the work it does.

But what about the parts we see every day? Let's examine them.

Shelves at just the right height... carefully spaced to accommodate everything you want to put in a refrigerator...

Rounded corners inside that leave no place for dirt to hide...
Spring hinged door that seals freezing compartment neatly...

Freezing control and defrosting switch right where they are the handiest...
Watervoir—always ready to give you a cold drink without ice...
Any one of these is reason enough for choosing the Norge. And when you consider the lasting beauty of the cabinet and the lasting dependableness of Norge performance, don't you think it would be wise to see the Norge before you buy an electric refrigerator?

The Watervoir shown in the model illustrated in this advertisement is extra equipment.
