

### CHEMEKETAN CAMP SITE IS SELECTED

#### Headquarters Upon Outing Will be Indian Henry Hunting Ground

Mr. and Mrs. Clarence W. Noble, J. Burton Cray and Richard Upjohn spent the weekend in Rainier National Park "scouting out" a camp site for the third annual outing of the "Chemo-ketans", which outing will be held from August 9 to 13. They were accompanied by Mr. and Mrs. F. K. Rhines, who have been the house guests of the Nobles for the past month.

After scouting out the camp site the party continued to Tacoma, from whence Cray and Upjohn returned to Salem while the Nobles continued their journey with the Rhines, and they will visit Glacier National park, Lake Louise, Canada, and Yellowstone National park. The Nobles will return to Salem in time to attend the Chemo-ketan annual outing in August.

While the party was at Rainier park they had ample time to see Mt. Rainier in all its majestic beauty from early sunrise to the late Alpine glow of the evening, and even by the light of the full moon. They also made trips to some of the various glaciers and other points of interest, such as the ice caves, Nisqually glacier, Paradise park and Indian Henry's Hunting Ground, and they report that Rainier park is undoubtedly one of the beauty spots of the northwest.

The camp site chosen by the party for the Chemo-ketan outing in August lies near a ranger station on Indian Henry's Hunting Ground, at an elevation of 5300 feet. It is a rolling piece of land several hundred acres in extent, generally open, but with scattered clumps of trees, ample meadows that can be described as carpets of wild flowers, with magnificent views in all directions.

There is an abundance of firewood, plenty of ice cold spring water, and the chief ranger of the park assured the party that the site is free from mosquitoes. He also stated that there would be no rain in August, unless an occasional shower, and that the wild flowers will last until buried by snow.

The Chemo-ketans are looking forward with great anticipation to this outing. Those who have seen the various camps of the past say that this site is by far the most desirable that has been chosen. The annual outing is not limited to Chemo-ketans but all persons who are interested in outdoor life are invited to participate in the outing. For further information one can get in touch with the committee through the Y. M. C. A. office. A folder will be sent upon request.

### OPINIONS VARY ON HOP CROP OUTLOOK

Conflicting opinions are rife in regard to the hop crop outlook. Some growers contend that the early dry weather forced the growth early and will result in a short crop. Other growers are expecting a good yield.

So far damage from downy mildew has not been extensive but growers are hoping for warmer weather to check the spread of the mould spores.

**HOTEL TO OPEN**  
SILVERTON, June 29—The Cottage Hotel building on East Main street has been leased by Mrs. Charity Scott. Mrs. Scott, who has been operating a boarding house on Second street for some years, plans on opening the hotel within a few days. The building is being thoroughly cleaned and renovated.

**GRANGERS TO PICNIC**  
CHEMUKETA, June 29—Chemuketa grange very kindly invited the North Howell grangers to picnic with them on July 4, at Hazel Green park. All members of local members will avail themselves of the friendly invitation. Basket lunch will be served at noon.

## REACTION FOLLOWS GRAINS RISE HIGHER QUALITY EGGS ADVANCING

#### Temperature in Excess Of 100 Causes big Boom in Corn

CHICAGO, June 29—(AP)—Belief that a break in the hot weather was imminent led to reactions in grain prices today. The reaction came after a steep rise in which oats had outdone the season's top record. Temperatures exceeding 100 at many points for more than a week were largely responsible for hoisting corn temporarily to a maximum of 10 3-8 cents and oats to 5 5-8 cents above values current about two weeks ago.

Wheat strength, more lasting than that of corn and oats, resulted chiefly from successful mediation by President Hoover including the federal farm board to reconsider plans not to keep old crop surplus wheat off the market for any definite period.

Wheat closed unsettled 1-8 cent higher, corn advanced to 7-8 up, oats 1 1/2-1 3/4 advanced.

### General Markets

PORTLAND, Ore., June 29—(AP)—Futures exchange, not prices: butter, 32; eggs, 18; wheat, 10 3/8; corn, 7 1/2; oats, 5 5/8; fresh extras 19; fresh mediums 16.
