## Pattern

1991

By ANNE ADAMS

Here's a delightful and practical frock for summer weather, and one that won't soil so readily. Perhaps that is why dark grounds are so very popular this season in the sheer crepes, georgettes, chiffons, voiles and dimities. The favorites are brown, skipper blue, navy, green, red, and black with white or pastel prints. Of course, the model would be equally smart in light colors as the pointed details of collar and skirt are slenderizing and extremely young. Sleeves are included with Pattern 1991.

Obtainable only in sizes 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 requires 4 1/2 yards of 3 1/2 inch fabric for a sleeveless dress. Yardage for every size, and simple, exact instructions are given. No dressmaking experience is necessary to make this model with our pattern.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given. Send fifteen cents for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

The new spring and summer pattern catalog features an excellent assortment of afternoon, sports and home dresses, lingerie, pajamas and children's clothes. Also delightful accessories. Price of catalog fifteen cents. Catalog with pattern, twenty-five cents. Address all mail and orders to Statesman Pattern Department, 263 West 17th Street, New York City.

## POSTOFFICE NOTES GAIN IN BUSINESS

The Salem postoffice made a normal gain in business for the quarter ending June 30, according to the report of John H. Farrar, postmaster. Despite a decrease of about \$10,000 over the quarter for the same period last year, the same situation prevailed for the month of June, with receipts for the 30-day period at \$17,321.97. Quarterly receipts for the period just ended were \$53,676.40.

Both figures are a gain over receipts two years ago, but are a decrease from last year. However, election material was coming through the office in large quantities both in the month and the quarter last year, so the comparison is with 1929.

June receipts for the last three years have been: 1929, \$16,105.98; 1930, \$21,674.98; 1931, \$17,321.97. The quarter receipts for the three years were: 1929, \$51,728.65; 1930, \$63,914.22; 1931, \$53,676.40.

## HERE'S ONE CLUE FROM "THE MYSTERY OF GERALDINE"

By Anthony Abbot

"Seven pigeons lay dead on the ground almost at my feet... I picked up one of the pigeons, only to let it fall in sudden dismay. What I had seen had greatly startled me—the breast feathers of the dead bird were stained with red!"

Was it blood? And WHOSE blood? The weirdest crime of the decade is solved by the most interesting sleuth of modern detective fiction—THATCHER COLT, Police Commissioner and Sleuth Extraordinary of New York City. War hero, virtuoso in all the sciences, meticulous dresser, grim questioner, charming gentleman. See how he untangles the eerie doom of a lovely girl in

Alaskan Fishing 'NOT SO GOOD'

SCIO, July 2 — Fishing in Alaska is "not so good," according to Ed Eger, former Scio man, who has been employed by the Pioneer Sea Food company at Cordova for several months. In a recent letter Eger states that most of the fishermen there have barely made expenses, while some have given up the industry entirely for the time being. Conditions are expected to improve, however.

"Five fishing boats have been lost thus far this season," Eger says in his letter. "The company direct from Scotland. The plaid I am working for lost one by ex-

Rain has been general up there, but Ed is not so much taken up with earthquakes, as one recently shook things up considerably. He intimates he will soon return to the Scio region.
