

GIRL RESERVES ENJOYING CAMP

Group Divided Among Three "Nations" With Noted Citizen as Head

Editor's Note—Following is a letter from Camp Santaly, written by one of the Girl Reserves, now in camp there, relating the events in camp to date.

CAMP SANTALY, July 15 — We arrived safely during the morning and proceeded to settle ourselves in the new conditions in camp. The idea of camp this year is nations and we have chosen three nations which we have divided into and will live accordingly during the week. The Chinese girls are: Martha Kreikenbaum, Evelyn DeMarais, Marion Ross, Ruth Sawyer, Margaret Langley, Margaret Thompson, Lillian Cottenberg, Edna Mae Lee and Opal Green. They have as their advisor Helen Breithaupt, who is called Ting Shu Ching representing the National General Secretary of the Y. W. C. A. of China.

The Spanish Group have Gladys Taylor as their advisor who is called Don Quixote. The girls in this group are: Rowena Leslie, Charlotte Hill, Frances Pierce, Gretchen Spencer, Eleanor Perry, Gretchen Rockenfeller, Grace Bailey and Louise Wheeler.

Marjorie Smith, Elnyn Griggs, Beverly Swart, Jean Wiley, Edna Kevitz, Irene Shiel, Evelyn Stewart and Anna Larson, compose the Scotch group. They have as their leader Sir Harry Lauder, Helen Cochran.

Mrs. Gallaher as Sir Eric Drummond, in the lead executive in camp, having charge of the program and the management. Miss Helen Cochran has charge of the music, Miss Gladys Taylor has charge of nature lore, Miss Helen Breithaupt has charge of the camp store and the arts and crafts. Miss Gwen Gallaher is assisting in arts and crafts and also with the music. Miss Dorothy Hutchason has charge of the swimming and recreation. Miss Eileen Moore has charge of the library and assists in swimming.

The truck from Valley Motor Co. carrying the supplies was enthusiastically greeted by all the girls. The camp car furnished by Douglas McKay Chevrolet Co. is also a great assistance. Last night was spent at a delightful campfire where stories were told by Mrs. Gallaher and Helen Cochran and songs were sung by Anna Larson, Evelyn Stewart and Gwen Gallaher. Helen Cochran taught us many new songs. There is to be a nations party tonight and there are many interesting rumors of clever costumes and even prizes. We are glad that we are out here and send our best wishes to those back home.

The time was spent in playing miniature golf, swimming and visiting.

The Call Board

By OLIVE M. DOAK

- Warner Bros, Elsinore
- Today — Jack Holt in "White Shoulders."
- Friday — Lew Ayres in "Iron Man."
- The Grand
- Today — Billie Dove in "One Night at Susie's."
- Friday — Bill Boyd in "The Painted Duster."
- The Hollywood
- Today — William Powell in "Man of the World."
- Friday — John Gilbert in "Gentleman's Fate."

Yes, I saw "White Shoulders." My advice to Jack Holt would be to go back to his old type of virile manhood or get a new director. Either might work a commendable improvement over his latest effort.

Among the many sensational risings to "stardom" of wee comets in the screen stage world has been that of Lew Ayres, who will be seen in "Iron Man" at Warner Bros. Elsinore beginning Friday.

"All Quiet on the Western Front" gave him a start from which he coasted right into the heaven of stars. Today he is regarded as the "find" of the year, and his fan mail runs into the thousands of letters per month. Not since John Gilbert burst into stardom with "The Big Parade" has there been such a sensation in Hollywood.

Detroit People Oppose Foreign Labor on Roads

Ineffective protest against the use of Austrian citizens on North Santiam highway work above Detroit was made yesterday to the county court, the protesting group being told that the work is under the direction of the bureau of public roads and is not subject to this court's jurisdiction. In the delegation were many men who said they needed work, as well as J. F. Bewley, road patrolman for the Detroit district. They said there were 10 to 15 families in Detroit who have no work and are badly in need of it.

STAYTON, July 15. — Three business houses were broken into here early Wednesday morning. They were the Stayton postoffice, MacMarr store and Mountain States Power company office. The postoffice safe, which is not kept locked, was wrecked but nothing is missing. The MacMarr store missed \$7 in change which had been left in the cash drawers. The front door, which was fastened with a clasp and padlock, was jammed. Aside from the change nothing was found to be missing. At the power company office the safe was blown open with powder, the combination being knocked off. Fifty dollars and some checks were taken, the checks being found later outside the building. The front door had been jammed. Men from the sheriff's office were here looking for fingerprints.
