GERVAIS, July 15—Mrs. Juliana DeJardin was honor guest at a picnic given at Hazel Green Sunday for her birthday. Lunch at noon and sports in the afternoon provided amusement. A game of baseball between a team from North Howell and Gervais resulted in a score of 8 to 9 in favor of North Howell in the 13th inning. At the end of the first half of the ninth inning the score was 8 to 5 in favor of Gervais. Then North Howell scored three runs, making 13 innings necessary to decide the game.

MRS. C. H. MALLET PASSES.

AUBURN, July 15—This community is deeply grieved by the sudden passing of a former resident, Mrs. C. H. Mallet, passed away at her home in Texas where they removed, only a few months ago. She leaves to mourn her husband, C. H. Mallet, daughter Willa Lee and sons, Calvin, Glenn and Andrew.

EARLY PRUNE CROP IS IN PROSPECT

KRIZER, July 15—With strawberry picking over and raspberry and loganberry harvest just about completed the berry growers will have a short respite until the evergreen blackberries are ripe.

The Schindler and Costa prunes are ripening and every indication is for an early prune harvest. Five years ago the driest started August 18.

The apple crop looks very promising. A great deal of thinning has had to be done to have good sizes.

Some of the farmers who had early hay lost most of it during the June rains. Others are now harvesting their hay and grain.

ILLINOIS GROUP ELECTS

GERVAIS, July 14—Officers and heads of committees in the North Marion County Illinois association met Sunday afternoon at the home of the president, M. C. Davis north of Gervais. The date for the picnic was set for August 16. It is to be held at the Silverton auto park this year. There is to be no set program. All former residents of Illinois and their families are invited to come, bring their lunch and get acquainted with their old neighbors.

IN NAVY TRAINING

AURORA, July 15—Chester Rookledge now of Portland, a son of Mrs. Helen Rookledge of this place, sailed Saturday on the destroyer Long of Oregon's navy which carried 85 men and five officers of the sixth fleet division of the 13th district of naval reserves. Their destination was San Diego, where they will spend a part of two weeks in target practice and drilling off San Clemente Island. Chester bears the rank of coxswain and is one of the crack boat crew with which the division hopes to win the big race with 11 other crews.

No paper money circulates in Tibet. Change is frequently made by cutting silver coins into two pieces.

Yes Sir Times are Changing Eastern Common Folks Can Keep up with em

Yeah, we said, that's right, but what's the big change you got on your mind now? we asked the man making the above remark.

Well for Instance He Said

A few years ago when a couple big companys went together it was know as a trust and it wasent so healthy for trusts either in those days. But today they call 'em mergers. Is that so? We said why do they call 'em mergers instead of trusts? Because folks know pretty well what trusts do for common folks, he said.

Yes, that's true but the people know pretty well what'll hapen to 'em when all the big companys get merged up don't they? Sure, he said, they do. "Why" do you know a friend of ours bought some chain store stock, one that operates two or three stores in Salem, at \$43.00 per share some time ago and a while back he sold that self same stock for \$7.00 Dollars a Share.

'Whew' Jimminy Crickets

we said, a few like that would have us lookin' down our nose for sure. But what's that got to do with times changen? Can't ye see the people all over the whole country are convinced a trust is a trust. Call it merger or what you will, theyr convinced that they don't do this or any other country any good. What the people want today is a reasonable price on everything they have to buy not just a few specials. Folk, that's one of the funny things thats doubled the sales at the Market, consisten every day Prices.

It's seldom anyone ever gets angry when shopping at the Market, but the other day this occurred at the fresh meat counter. A gentleman asked one of the boys the price of a certain piece of meat. When told the price he became angry and said, "What the Sam Hill's the matter? You fellows ask the highest price in the United States for your meat, but I've got to take it because we can't eat the meat we get down the street that costs us less." Now folks, our fresh meat prices are not high, as evidenced by the continued increase in sales. In fact, buying good meat is economy.
