

SHIPPERS TAKE STAND ON RATE

Wire Request for Hearing in Oregon and Outline Position They Hold

(Continued from page 1)

In its program to present at the hearing, which will be held some time after August 31 for the presentation of the opposition, a uniform plan under which each group will compile data was drawn up. Each group of shippers will appear at the hearing to present its own case.

The committee will also employ an expert to prepare a study particularly covering the present economic conditions of the state, who will present his findings at the hearing. Several men are now under consideration for this position, but the party has not yet been chosen. It was expected a member of the Oregon State college staff would be selected.

The executive session today was held at the call of Commissioner Thomas, who is president of the state-wide group. A. F. Harvey of the commission's staff is secretary and treasurer. Virtually every known shipping organization in Oregon has enlisted with the movement in vigorous protest to the 15 per cent increase. Thomas said the program as outlined is one of the most comprehensive and complete ever instigated in Oregon.

Curb Clock - Resume Service To Public Soon

Is it better, or worse now — that clock on the curb pedestal in front of Pomeroy and Keene's? For days at a time it told the passing world it was 10 minutes to seven. Now the hands are gone and it is giving out no information, right or wrong.

Whatever is the decision — better or worse — neither will hold for long, because as soon as a new bronze casting for the clock frame is received and installed, the State street timepiece will tell the truth, such as if one be late to work or if the "boss" has kept one overtime.

Youth in Tree Says Pursued; Cops Doubtful

THE DALLES, Ore., July 16—(AP)—Don Yantis, The Dalles druggist, was awakened early today by a noise in the tree beside his sleeping porch. He turned his flashlight on the tree and saw Gerald A. Shaw, 27, perched in the tree 20 feet above the ground.

Shaw called upon Yantis to call the police, saying four men were chasing him. Yantis saw no pursuers but called the police who are holding Shaw for investigation. Shaw is a transient.

Autos Collide; No One Injured

W. Baldersee, 185 South 15th street, reported to police last night, that his car, going west on State street, was struck by that of C. H. Rubel, 4427 56th street Southeast, Portland. He claims Rubel failed to stop and did not have the right of way when he entered State from the south on 12th street. Neither machine was going over 25 miles per hour, he states.

Communist Riot Quickly Stopped

COBLENZ, Germany, July 17—(AP)—(Friday)—A mob of communists who smashed street lights here early this morning, tore up pavements and attempted to erect barricades in the Castorstrasse was put down by police.

A number of shots were fired, but no police were wounded. Whether there were casualties among the rioters had not been determined.

"The Iron Man" which opens its two day engagement at Warner Bros. Elsinore today is a story involving prize fighting and a prize fighter who loved his wife but whose wife did not love him.

"Iron Man" is the tale of the development of a fighter, from the time he is a "palooka," or ham fighter, until he wins the lightweight crown. The man directly responsible for this result is the fighter's manager, played by Robert Armstrong, who gives a portrayal which proves again what an excellent actor he is.

He knows how to handle his young prize fighter, how to nurse him through his moods, how to defate his ego at the proper time, and how to inflate it when it means success.

SUCCESSFUL FLIER ONCE WAS FAILURE

Hungarian who Flew Ocean Abandoned Real Name Before Attempt

VANCOUVER, B. C., July 16—(AP)—A story of how Alexander Magyar, a sensational success in another line of endeavor tonight, was a failure in business here and of how he even abandoned his correct name in order to make his trans-Atlantic flight direct attention to alleged wrongs to Hungary, was unfolded by members of the Hungarian colony here.

The Hungarian immigrant, who completed a 3200 mile non-stop flight from Canada to Budapest tonight, was well known here by his correct name, Wilchak.

Coming here from Hungary five years ago, he launched a small manufacturing concern in partnership with a fellow countryman, Kernal Kiraly. He gave up the venture after two and a half years, a failure, and turned his attention again to aviation. He had been a flight lieutenant in the Hungarian army during the World War.

He adopted the name Magyar, which means "Hungarian," sacrificing the personal glory to direct attention to his native land. His plane was called "Justice For Hungary," and the flight was made for the express purpose of pointing out what Hungarians described as the injustice of the peace terms under which Hungary lost possessions it held 1000 years and was greatly reduced in area.

Hungarians here said Magyar, or Wilchak, is about 35 or 36 years old.
