Pattern

By ANNE ADAMS
In the summer, formal frocks are more desirable than they are at any other time of the year. Dressing up in strictly evening frocks is often too much of an undertaking in hot weather, so we wear cool frocks like this one. Without the cape collar, it would be a charmingly simple evening gown. With the cape collar it becomes an ideal frock for summer evening dances, but also a frock one may wear in the daytime, for afternoon teas or bridge parties. Organdie is a crisp becoming material in which to make it, but chiffon, georgette, eyesle embroidered cotton, or sheer batiste would do equally well. It is stunning over a dark slip.

Obtainable only in sizes 13, 14, 16, 18, 20, 21, 22, 24, 26, 28 and 40. Size 14 requires 5 yards of 3 1/2 inch material. Yardsage for every size, and simple, exact instructions are given. No dressmaking experience is necessary to make this model with our pattern.
