## SEEK TO PREVENT REMOVAL OF WOOD

An injunction which would restrain H. L. Moore and Walter E. Wengeroth from any further cutting of timber on a 125 acre tract in this county, was sought yesterday in a circuit court suit filed by the Union Central Life Insurance company.

The complaint alleges that the first and second mortgages on the property provides that no timber can be sold without the proceeds going directly to retire the mortgage. Instead 500 cords of wood have been cut and sold for \$1800 and an additional 400 cords are now cut and on the land, ready for delivery.

Specific damages of \$1000 are sought by the plaintiff in addition to the injunction.

The original mortgage, given in 1923, was for \$6000. It is now slightly less than \$5000.
