Revolutionists Surrounded By Loyal Troops Says Havana Report

throughout the whole country, as a precaution following the revolutionary movement that broke yesterday.

Meanwhile it was reported former President Mario G. Menocal, opposition leader who has been widely sought since he left Havana Friday or Saturday, had landed at Nipe bay on the north coast of Oriente province.

A manifesto released in Havana purporting to come from Menocal and distributed by his friends, called on Cubans to join in striking one "blow of strength, magnitude and swiftness" to unseat the Machado regime, which was scathingly denounced in the document.

HOMES DESTROYED AS BLAZE SPREADS

more fighters were said to have been recruited in the hope of halting the fire during the night. Little fear was felt for the safety of those who live in the old gold camp here.

Late today the fire had swept over more than 5000 acres of land. Livestock, including a flock of sheep, was burned to death during the day.

In the Siskiyou National forest west of Grants Pass a fire which started Sunday in a miner's cabin was burning viciously, reports said. Eighty men had been sent into the district.

Another fire in the Chetco river territory had burned over about 8000 acres, reports said. Much of the land was burned over last year, however.

DANGEROUS WATER SUPPLIES LISTED

With the dry and low water season at hand, a large number of contaminated wells have been discovered throughout the county by H. C. Sinks, county sanitary inspector. Community wells at St. Paul and Detroit, along with many private ones, when tested, received the "C" rating, which means contamination is present.

To forestall typhoid fever and other diseases which might result from drinking the bad water, the supply should either be boiled, or the wells treated every week or two with chlorine of lime. Dr. Vernon A. Douglas, county health officer said yesterday.

The annual trouble, experienced with these shallow wells can and should be done away with, he declared, by drilling deep wells to take the place of dangerous ones.

BERLIN CALM AFTER BLOODY RED RIOTS

BERLIN, Aug. 10.—(AP)—Padlocks and extraordinarily heavy police guards to tonight maintained peace in the Buelow Platz, Berlin communist center, which was the scene of a bloody riot last night.

Earlier today the police clapped a padlock on the Karl Liebknecht Haus in the Buelow Platz, center of Germany's communist activities, and suspended for two weeks the communist newspaper Rote Fahne in front of which last night's rioting occurred.

At sundown a large reserve police force was taken into the neighborhood still in an ugly mood, but the temper of the police matched that of the communists. The loss of two popular officers from their ranks in last night's shooting put them in no mind for pleasanties.

Twenty-five communists were questioned today in connection with the rioting of the Buelow Platz on Saturday night. Five were held.

Berlin as a whole was quiet up to nearly midnight.

BUILDING CODE FOR OREGON IS SOUGHT

(Continued from page 1)

a crowd of children had left it. He maintained that Oregon needs a law which will apply to all construction, since only the larger cities have codes to prevent building disasters.

The 24 men, comprising a representative group from the building industry of Salem, under the leadership of Carl Atmire, newly elected president, discussed among themselves ways of encouraging construction at a time when costs are cheap. The congress has decided to sponsor an advertisement in an issue of The Statesman this week showing how building costs have been reduced and why the present time is a favorable one for construction.

Thirteen of the men present signed the membership role of the organization.

CASE OF SMALLPOX IS REPORTED HERE

The first case of smallpox in the city since last June and the ninth this year, was discovered by the county health department yesterday in southeast Salem. The victim, a schoolgirl, has a light case of the disease and is expected to be recovered within a week. The only contacts found, members of the family, had already been vaccinated.

This appearance of smallpox marks an increase of one case over the same period last year, when there were eight. The June victim, a resident of a West Salem auto camp, who came to the health center on High street, suffering at the time from a severe case of smallpox, was sent to the Portland isolation hospital.

MODERN WOODMEN PICNIC IS SUCCESS

SILVERTON, Aug. 10.—J. A. Hartwick of Portland, state deputy for Modern Woodmen, was the speaker of the day at the 11th annual picnic of the Four-County Picnic association of Modern Woodmen and Royal Neighbors, here in the city park Saturday.

The association is comprised of lodges in Marion, Linn, Benton and Polk counties. About 300 were in attendance. For the past 10 years the picnic has been held annually at Bryant's park in Albany, and has proved very popular to lodge people in the four counties. Following the picnic-dinner, a program of short stunts and musical selections was offered. Each camp in the four counties presented one short number. Opening the program, however, was an address of welcome by Major L. C. Eastman of Silverton. The Yellow-Jackets orchestra furnished music.

A program of water and land sports planned with Clyde Ramsby of Silverton in charge. These will be open to picnickers of all ages. The two Silverton lodges worked as a committee of the whole to make the event the best ever. Pete Smith headed a committee in charge of traffic.
