

LINDY ARRIVES AFTER DELAYS

Flight From Point Barrow Is Broken by Halt at Seward Peninsula

(Continued from page 1)
last night, the Lindberghs ran into fog within a few hours. After passing safely over the cutter Northland, off Wafawright, the weather began to thicken and finally Colonel Lindbergh sought a landing rather than try to fly further blindly.

In the fog and semi-darkness he landed the plane at about 2 a. m., and all night long their plane rode the waters in a safe anchorage near Skismaret, 100 miles away.

Amxiety Is Felt

By Nome Crowds
Meanwhile, with the hours passing and no further word from the plane, anxiety arose here and huge bonfires were lighted along the shore to guide the fliers should they arrive. Early this morning, however, a contact was made with the plane by the signal corps station.

Shortly after noon today they took the air again and circled over Nome at 1:25 p. m., P. S. T., and then headed for the Nome river, where they had been advised to land. No landing was made, however, and the plane headed east for Safety bay.

SCHOOL BUILDING, NORTH END ASKED

(Continued from page 1)
Hug was authorized to order the necessary new books, which order, he says, will still be under the estimated budget.

Sanction was given to redecorating interior in tint as at the Grant school, either Lincoln or Park building, or may be both, depending upon costs. The building committee was instructed to proceed with this.

Purchase of a portable sander to cost \$95 was authorized, and the Stone-Tone company of Portland was ordered to refinish in tile-tex at cost of \$198 the stairs and landing at main entrance of the high school building.

The chairman announced committee of the board would remain the same as last year.

One Killed But 17 Saved After Mine Explosion

WELCH, W. V., Aug. 11 — (AP)—Sixteen miners were aslanted from the Exeter mine of the Kingstown-Pocahontas Coal Co. at Henshill near here tonight, after an explosion had killed one workman and injured another.

About 100 men were at work when the explosion occurred but only 18 were in the section of the blast, believed by state department of mines officials to have been caused by an accumulation of gas.

The dead man was a negro motorman. A negro brakeman was hurt.

He is expected to be away for several months on this jaunt, which is similar to one he took three years ago. Emanuel is the brother of Jacob, Ernest and Jonathan Schindler here.

Skeets Gallagher, the intangible, mirth-provoking actor who left Broadway for the movies and made good in such films as "Honey," "Close Harmony," "Let's Go Native," "Her Wedding Night" and "It Pays to Advertise," will be seen and heard again at the Esquire theatre in "Up Pope the Devil," a filmization of the Broadway comedy-hit of the same name.

Norman Foster and Carole Lombard play the romantic leads in this highly entertaining talkie. Carole Lombard wears several changes of costumes, all of which were especially designed for her. The cast includes, in addition to Miss Lombard, Mr. Foster and Mr. Gallagher, Lilyan Tashman, Stuart Erwin and Joyce Compton.

Marion Davies and Robert Z. Leonard offer another sparkling contribution to the gaiety of the screen with "It's a Wise Child," her new Metro-Goldwyn-Mayer starring vehicle which opens Wednesday at the Hollywood.

This is the sixth time, we are told, the vivacious star has appeared under Leonard's clever direction, their last effort, "The Bachelor Father," having set a high mark to shoot at.

The picturization of the spicy Laurence E. Johnson stage play is by far Miss Davies' most captivating feature. In the role of Joyce Stanton, the village belle attacked by gossiping tongues, she achieves a convincing naivete that turns the most implicating of scenes into uproarious mirth.

Sidney Blackmer, as the lawyer who is willing to marry his attractive client to save her good name, finds his sacrifice a mistaken one—but marries her anyway. James Gleason scores as the comic ice-man and Marie Prevost is effective as Annie, the servant girl, whose secret marriage and approaching motherhood starts the scandal that reflects upon Joyce.

Holman Denies Bank Examiner Change Planned

Denial that any change was impending in the state banking department or that any grounds had been found for the removal of A. Eghram as state bank examiner was made late yesterday by Rufus C. Holman, state treasurer, and an ex-officio member of the state banking board. Governor Julius L. Meier and Secretary of State Hal E. Host are the other members.

"You've noticed that my policy has been to make no changes when employees were found to be satisfactory," Holman commented. "I have no grounds before me for any change in the banking department."

Holman intimated that the matter of the superintendency of the banking department had been discussed with him by visitors.

General of Insurgents One Of Those Killed Says Havana Dispatch

(Continued from page 1)
cesses and rebel strength. These dispatches said that 300 revolutionaries invaded Santa Clara late last night, killed 20 soldiers, took 25 prisoners and retired before army reinforcements. An announcement from the palace said insurgents had burned the municipal and other buildings in Yucotac.

The little town of Sierra Morena was reported in opposition hands.

In skirmishes at Ranchuelo, Vinas and Sancti Spiritus, however, government forces were reported victorious, taking 14 prisoners.

MILK PRICES HERE RAISED GENERALLY

(Continued from page 1)
valled, producers have been compelled to furnish high quality milk at prices far less than the cost of production. Despite this fact the high standards of quality have been made.

At the meeting, yesterday, it was announced that R. W. Clarke of Salem had been named manager of the affairs of Salem milk producers, the choice having been made by the directors of the state dairy cooperative association.

The office for the cooperative here will be on Liberty street over Graber Brothers' plumbing store and across from the offices of the Producers' Milk company. J. M. Nichols, route five, Salem, has been appointed by the board of directors to fill the unexpired term held by Mr. Clarke in the cooperative association.

In his new office Clarke will handle accounts between distributors and deficiencies in milk supply as they arrive.

VERNONIA-HAMLET ROUTE IS FAVORED

PORTLAND, Ore., Aug. 11. — (AP)—A brief outlining the advantages of the Vernonia-Hamlet route for the proposed highway from Portland to the sea has been submitted to the state highway commission by the Vernonia chamber of commerce.

The brief contends that route would serve more people than any of the other proposed routes; that it would be the most direct route between Portland and the Clatsop beaches; that it would provide direct highway facilities for the growing agricultural communities of the Nehalem valley, and that it would give Vernonia,

Howling of Dog Hints Owner is Victim of Fire

GRANTS PASS, Ore., Aug. 11 — (AP)—A yellow dog that howled at the smoke-clouded stars added a dismal note tonight to the fire swept hills of the Rogue River valley and sent tired fire wardens into the hills seeking an explanation of his presence.

The dog was noticed Monday when the "smoke-flag" stars first penetrated the Fielder Creek region. His presence near the same spot today on a tonight led to the belief that his master might have perished in the flames or had left the dog to die.

QUADRUPLE MURDER SUSPECTS ARE HELD

ANN ARBOR, Mich., Aug. 11. — (AP)—The arrest of two brothers for questioning in connection with the deaths of two young couples whose bodies were found in a flaming motor car was followed closely tonight by a report of physicians at the University of Michigan medical school that they had found a .38 calibre bullet in the body of Harry Lore, 16, Ypsilanti.

The bodies of Lore and the three other victims were found early this morning in a little frequented side road.

Announcement of the discovery of the bullet came after it was said that no cause for death other than heat from the flames was found in two other bodies.

SCHOOL DISTRICT'S RECORDS DEMANDED

Henry Zorn, clerk of school district No. 32 at Champoog, has failed to turn in the school district warrants and other papers which are necessary to the auditors who are now working on the school district audit. His delay, according to County Superintendent Fulkerson, as well as the delay of a few other district clerks is holding up the work of the auditors and increasing the expenses of the department.

The stand of Mr. Zorn has occasioned some anxiety because he has been an ardent leader in the tax reduction campaign. His failure to comply with the law which demands that the data be in by August 1 has exactly the opposite effect on the taxes as it tends to increase the expenses and so the taxes.

Mrs. Fulkerson states that at least three notices have been sent to Zorn with no results. She further intimated that it is entirely within the law to send the sheriff after the much wanted records and that such procedure might become necessary.
