McKelvie, Former Member Of Farm Board, Will Offer Proposal

LINCOLN, Neb., Aug. 18 (AP)-The huge surplus of government-owned wheat would be made available for food relief under a plan suggested today by Samuel R. McKelvie, former wheat representative on the federal farm board.

The plan, McKelvie said, would effect economy in relief expenditures and at the same time help dispose of the 200,000,000 bushel surplus.

"I have insisted all along," he said, "that for the good of all parties, most of all the farmer, the sooner stabilization supplies of wheat are disposed of, the better. The opportunity is at hand." Congress must authorize dis-
