

Dempsey Kayoes Two Opponents, Two Others Stay Route

MAULER LIKED BY BIG CROWD

Seventeen Thousand Hoarse From Yelling; McRae Is Quick Victim

PORTLAND, Ore., Aug. 24.—(AP)—Jack Dempsey took his second step back up the ladder toward the championship here tonight at the Portland civic stadium while 17,000 spectators cheered themselves hoarse. He took on four opponents, knocking out the first in a little over a minute and the second in less than a minute. After the third had stayed two rounds, Dempsey stepped right into the best grace of the audience by accepting the fourth batter for two rounds overtime.

Boring in from the first bell, Dempsey laid low Big Bill Hartwell, Boston negro, in a little over a minute. The second victim of the ex-champion's still-mighty arm was Dave McRae, Salem. He lasted less than a minute of the second round.

Denny Lenhart, Portland, the third opponent, went two rounds with Dempsey. Lenhart made the Mauler step fast the first round and landed a couple of blows that straightened him up.

Dempsey lowered his attack to the body and did not seem to mind the pace.

The crowd, set finally by the management at about 17,000, cheered Dempsey long and loud as the exhibition ended. It cheered again as it was announced that the ex-champion would stay and take on the fourth opponent provided for him.

Bob Marleis, the fourth to enter the ring against Dempsey, also stayed two rounds, giving the fans six rounds in all for their money.

In a six-round welterweight preliminary, Johnny Hansen, Portland, and Tommy Jeffers, Seattle, went to a draw. Another six-round preliminary was held over until after the main event.

In the first preliminary, Ray Morgan, Portland, knocked out Bud Bellanger, Spokane—middle-weights.

In the junior lightweight four-round, Pat O'Day took a decision from Johnny Eason, Oakland negro.

Ray Ockley also won a decision from George Hoyal, both Portland junior welter.

Crack shots competed for the class AA title with honors going to Carl Maust of Lincoln Park, Mich., who shattered 199 out of a possible 200 targets. His only miss was the 199th target, Monte E. De Wise of Hamilton, Indiana champion, and J. H. Wantling of New York tied for second place with 198.

The class B title went to Clarence F. Boeber of Dayton, O., with 196. A. L. Chalcraft, Somerset, O., was second with 195 and H. L. Cheek, Clinton, Ind., third with 184.

WEEKEND CRASHES ALL PROVE MINOR

Four minor motor mishaps, all without serious consequences to the drivers, were reported to the sheriff's office over the weekend. Melvin Lien, Route seven, Salem, reported a crash with a car driven by Nemra Unruh Saturday at the Lansing corner on Garden road. Neither auto was seriously damaged.

Mabel B. Sills, 20, who lives at 817 Mill street, listed a report on a collision with a Chevrolet coach, the name of whose owner he did not get. Sills was driving west on the Stayton road, the other car pulled out in front from a side road and stayed on the left in a manner which forced Sills off the road. Leonard Hornburg, Myrtle Clayton and Lita Tanner, all in Sills' car suffered painful but not serious bruises and cuts.

A car driven by Lila Wilkenburg, 19, Turner resident and a car driven by one Macy were in a collision. In reporting the accident, Miss Wilkenburg said the other car ran into hers, going at a speed of 55 miles an hour.

Building up Track Sports Just Matter of Organizing Declares Dean Cromwell

"YOU have the same opportunity here in Oregon to build up track and field sports that we have in southern California," declared Dean Cromwell, track coach at the University of Southern California, Monday. Mr. Cromwell, who on the basis of championships won by his team and the world record breaking athletes he has developed is recognized as the leading track coach of the United States, is here accompanied by his wife on their annual visit to Salem where Mrs. Cromwell owns State street property. They are staying at the home of L. W. Potter, Mrs. Cromwell's sister, south of town.

"It's simply a case of organization," Mr. Cromwell said in connection with the problem of building up track and field sports in the northwest where this form of athletics is rather lagging. "Kids like to run and jump and throw the weights just as well as to engage in the other sports, if they are encouraged. It is as easy to get them to do these things in the back yard at home as to kick a football or swing a golf club."

"The weather is often mentioned as an alibi. Of course, boys can play outdoors in southern California all year, but there is also the disadvantage that so many other sports are available." He said that the boys of the University of Southern California are well developed in schools of southern California, and Mr. Cromwell modestly admits that this fact is of great assistance in moulding the great teams which have matched performances with the gridiron machines developed by Howard Jones at the same institution.

For the last two years U. S. C. teams, Cromwell coached, have swept every meet of importance in their path. This summer his team won the I. C. A. A. A. A. and the National Collegiate association meet at Chicago, the major contests of national scope. It was U. S. C.'s fourth victory in the I. C. A. A. A. A. and one more win will entitle the Los Angeles school to the extremely handsome \$25,000 prize for the achievement of five victories.

Frank Wykoff who is the 100-yard world champion with a record of 9.6 seconds, Victor Williams who equaled the 440-yard record of 47.4 seconds set by Ted Meredith 16 years ago, Bill Graber who won the 16 feet 3/4 inch Captain Ernie Payne who won the low hurdles in 23.6 seconds, Bob Hall who put the shot 49 feet 1 3/4 inches and Dick Barber who broad-jumped 25 feet 3/4 inches for a new intercollegiate record, are the principal reasons why U. S. C. had no trouble in winning these meets.

Speaking of the Olympic games they will be held here next summer, starting July 31, right next door to the U. S. C. campus, in the Olympic stadium, which is the bowl in which the U. S. C. home football games are played and has 195,000 numbered seats.

Many track and field authorities in this country think the United States will have an easy time winning the Olympic games this year because of the advantage of holding them at home. Mr. Cromwell is not so optimistic. He points out that most of the European nations which will be America's chief competitors, claim track and field as their national sport, and have been building up strength systematically; Germany in particular, and he believes that the competition next summer will be stronger than ever in the past.

BRITISH TEAM WINS DOUBLES

Helen Moody Regains Title in Singles Without Loss of a set

FOREST HILLS, N. Y., Aug. 24.—(AP)—Great Britain's crack combination of Betty Nuthall and Eileen Bennett Whittingstall today salvaged doubles honors in the 44th annual women's tennis tournament at Forest Hills.

The British pair, relying on a concerted net attack, defeated Helen Jacobs of Berkeley, Cal., and Dorothy Round of England, 6-3, 6-4, in the final match postponed from yesterday at the request of Miss Round. Concentrating on their countrywoman, the winners broke through Miss Round's service four times in the two sets and forced her into repeated errors.

The championship team succeeds that of Miss Nuthall and Sarah Palfrey of Sharon, Mass., which won the title a year ago. Mrs. Whittingstall was defeated in the singles final yesterday by Mrs. Helen Willis Moody of San Francisco, who won her seventh national crown without the loss of a set.

Mrs. Moody favored the spectators with an exhibition of her prowess as she defeated the veteran Peck Griffin of San Francisco, former doubles partner of "Little Bill" Johnson, 6-2, 6-3, in a special match.

ROSENWALD ACCUSED OF BRIBE

Illinois political circles have been deeply stirred by an open letter written by Frank L. Smith (right), a banker, of Dwight, Ill., in which he accuses Julius Rosenberg (left), noted philanthropist and head of Sears, Roebuck & Co., Chicago, of offering him 10,000 shares of the concern's stock in 1926 if he (Smith) would withdraw from his race for the U. S. Senate. Smith was elected and refused admittance to the Senate on a charge of excessive campaign expenditures. Rosenberg, Ill., has not been told of Smith's accusation, his family says. The stock which Smith alleges he was offered was worth \$500,000 at the time.

The Breaks of the Game

By HARDIN BURNLEY

NOW that the annoying Mr. Jones is out of the way, almost anyone of fifteen or twenty golfers can cop the national amateur championship this year.

The annual golf classic, scheduled to come off late this month at Beverly Hills in Chicago, will be a "wide open," the nearest thing to a free-for-all that we've had in many a year.

Incidentally, there will be a very strong Western contingent among those present at Beverly. The East learned to its sorrow how formidable the Western delegation is when the Pebble Beach massacre of the seeded entries occurred in September, 1929. Chicago is a lot nearer the Coast than Merion, 1930 battleground; and with the sectional qualifying rounds which went into effect this season, the Pacific Coast will have an even stronger representation.

Dr. Willing, Frank Delp, Charlie Seaver, Chandler Egan and the rest are likely to make the Pacific Coast appreciated in the National and the West can claim another dangerous contender in the person of Johnny Goodman, the Nebraska ace who first won fame as the conqueror of Bobby Jones two years ago. Goodman led Harrison Johnston and all the other amateurs at the St. Paul Open last month, and turned in the second best card of all the qualifiers in the nationwide sectional trials for the national amateur. His 72-73-72-70-287 at Keller has rarely been surpassed by any amateur in a recent

Homans Thinks Charlie Seaver Will Win Title

ENGLEWOOD, N. J., Aug. 24.—(AP)—Gene Homans, runner up to Bobby Jones in the 1930 national amateur golf championship and a contender for the title this year, today picked young Charlie Seaver of Los Angeles to occupy the throne vacated by the great Atlantan.

Seaver is Homans' choice because the bespectacled Englewood golfer said, the layout of the Beverly course fits the coast player's game.

The 1930 runner up to Jones is well qualified to speak of Seaver's merits. They met in the semi-final last year at Merion Cricket club, Homans winning on the 36th green by rolling in a fairly long putt after a topsyturvy match.

Harold "Red" Grange's contract with the Chicago Bears, professional football team, has been renewed for the 1931 season.

ARMY-NAVY GAME IN L. A. SOUGHT

NEW YORK, Aug. 24.—(AP)—The New York Daily News says the Los Angeles junior chamber of commerce is seeking to bring the Army and Navy together for a football game to be played this fall on the coast, receipts to be used to erect a suitable memorial to commemorate the tenth Olympiad at Los Angeles.

Harvey Humphrey, president of the organization, would transport not only the teams of the two schools but the entire student bodies to Los Angeles for the game.

Major Phillip Fleming, director of athletics at West Point, today said there had been some correspondence with Humphrey, and a letter had been written setting forth in detail the impracticability of Army playing such a game. The News says that Humphrey is hopeful of bringing the teams together for a game in Los Angeles.
