WHAT PLEASING varieties OF JELLIES AND PRESERVES MAY BE MADE WITH MERELY fresh fruits

AND refined cane sugar

In preserving fruits, refined cane sugar is the nation-wide choice of home canners

Cook-books are full of appealing recipes for preserving fruit. And in the majority of these recipes all that is required is fruit and sugar. Rare indeed are recipes in any other class of cookery that call for only two ingredients.

Refined cane sugar has long been the standard of home canners everywhere. It insures fine results in jellies, preserves, and all kinds of canned products. What's more, you'll find that sugar is sold at a rock-bottom price.

Take a look at your cook-books today and choose recipes which call for fruits now in season and those which are to come. Put up as many different kinds of fruit as possible—next winter you'll be glad. Preserve with refined cane sugar. The Sugar Institute.
