CHANGES ARE MADE AT STATE LIBRARY

Interior Rearranged to add Convenience, in Work Of Handling Books

Early fall house cleaning has been progressing at the state library with the result that a reorganized interior presents a highly efficient appearance. The work was done with little expense inasmuch as the greatest change comes in the unifying of departments. A coat of soft tinted cream paint adds much to the light effect and cheerful appearance of the interior.

The discharging and charging department has been moved into one room and the system changed in order to allow for more efficient work. In this department antiquated desks have been replaced with modern desk arrangement. The unwrapping of incoming packages which formerly was done upstairs is now done in the basement and the litter from this is kept out of the main part of the library.

The cataloguing room had had to share space with part of the administrative department and that has now been changed so that all the administrative department is located in one section of the library and the cataloguing room is given over completely to that use.

All the work has progressed quietly while many members of the staff were on vacations. Among those who have just returned are Miss Myrra Blair who with her mother, Mrs. J. F. Blair, spent a month in Seattle, Wash. Others to return are Mrs. Frieda Dohberful, Mrs. Katherine Brown, Mrs. Georgia Hazelwood and Mrs. Ruth Bergh.

Miss Harriet Long, state librarian is now in the east visiting her home at Madison, Nebraska, and other middle-west cities. She is expected back in Salem October 5.

Mrs. Charles A. Lindbergh had just donned a beautiful Japanese kimono when this picture was taken at a tea honoring the American flyers, given by Gen. Galsha Nagakoa (left), head of the Imperial Aviation society and possessor of the longest mustache in Japan.
