WHO IS A GREAT  
"MONEY" PLAYER!

9-11

**F**ANS generally agree that Frankie Frisch of the St. Louis Cardinals has long been a truly great second baseman but comparatively few rate Max Bishop of the Philadelphia Athletics in the same category. Yet his fellow-A's, especially "Lefty" Grove and Connie Mack, consider their veteran keystone to be one of the most consistently able players ever active at the midway station.

Such truly expert judges of real diamond talent as "Babe" Ruth and Eddie Collins also rate Bishop as a genuine star who fails to attract more public attention only because the A's have such super-

stars as Simmons, Cochrane, Foxx and others dazzling daily in their lineup.

So pronounced is the fan attitude, viewing both Bishop and Joe Mauer as just another second sacker and shortstop, that criticisms of the Mackian machine usually center on those positions as the "A's" one weak spot—down through the middle.

But don't try to convince "Moose" Grove that such a weakness exists. The greatest pitcher of the day frankly avers that "it steadies me just to realize that Max and Joe are behind me, knowing in advance everything I'm to throw and how to play each batter. They work together perfectly. They're my idea of an ideal keystone combination."

However, few will argue that Bishop is superior to Frisch who is not only steady but consistently brilliant as well. In addition, Frisch is a more potent batter than Max, not so much according to the averages as to the might and timeliness of his hits.

Last Fall Bishop outshone Frisch in the World Series both in batting and fielding. This year they'll be rivals again in that classic.

One thing more should be noted by fans and that is, for years, Bishop has been one of the best lead-off hitters in the game. He has the knack of "getting on" developed to about its highest degree. He "waits 'em out."

## Oregon Threat Eliminated From California Tourney; Martin Conquers Robbins

**By RUSSELL NEWLAND**  
**PEBBLE BEACH, Calif., Sept. 11.—(AP)**—Passing of the tournament's "dark horse", and elimination of the last threat from the Pacific northwest to make it an all-state finals, provided spectacular climaxes today in the 36-hole semi-finals of the California amateur golf championship.

While stocky David Martin of Los Angeles, southern California titleholder, was taking the measure of Johnny Robbins, Portland, by the lap-sided count of 7 and 6, Ernest Pieper, Jr., of San Jose removed Guy E. Hanson of Los Angeles from the ranks of contenders by a 4 and 3 score.

Hanson, 42 year old business man playing his first state championship flight, injected himself into public notice forcibly yesterday through a 3 and 2 win over the defending titlist, Francis Brown of Honolulu.

Last of the quintet who came down from the north in an effort to carry California's most coveted golfing crown away, Robbins was swamped under a flow of par-stroking that saw Martin finish in exactly standard figures.

On the third nine Robbins showed much improvement over his ragged earlier round, but Martin never faltered. Robbins turned in a par 37 for the stretch but Martin came through for a 36, the same card he had posted in the morning.

Seven up at the 27th, Martin's victory was in the offing. His par four won the 28th and dominated the march, Robbins taking a six after a session in a trap. To stay in the running, the Portlander dropped an eight foot putt for a birdie 3 on the next hole but the 30th, halved in fours, sent Martin into the finals and Robbins down to defeat.

Along with those things Salem fans didn't hear while Bob was in their midst, it's explained that Steele used while in pictures. Furthermore, in order to identify him to Klamath Falls fans who may be a little hazy as to where they heard of this chap, it's related that he is the fellow who knocked Jack Dempsey down during a wrestling contest at Dallas, Texas, recently.

## Posts in Place For Sweetland Grid Enclosure

Cast-iron posts on which woven wire fencing will be stretched are already in place around Sweetland field, Willamette university. The fence material has arrived and will all be in place within another week. Three stands of barbed wire placed on brackets extending at an angle from the top of each post will give further protection to the enclosure from persons trying to get over the fence. Canvas, already owned by the university, will be put around the fence during coming week.

Workmen are also busy getting posts up and wire strung for the 24 1000-watt lights which will be placed to illuminate the field for night football this fall.

## VINES DEFEATS BRITAIN'S BEST

Meets Lott in Final Today; Was two Sets Down Before Rally

**FOREST HILLS, N. Y., Sept. 11.—(AP)**—Two sets down at one time and the sets rapidly playing out on him, S. Ellsworth Vines, Jr., lanky Pasadena youngster, proved his fighting heart today by coming back to defeat Frederick J. Perry, British ace, in five furious sets and enter the finals of the Golden Jubilee National tennis tournament.

Vines tomorrow will have his chance at the title relinquished today by John Hope Doeg, the Newark left hander, who took a crushing beating from George Lott, Jr., of Philadelphia in the other semi-final, 7-5, 6-3, 6-0.

Vines, playing bravely, looked like anything but a future champion as he dropped the first two sets to the debonair Perry, but he recovered himself to play good tennis in the third and then became a whirlwind toward the last. The final score was 4-6, 3-6, 6-4, 6-4, 6-3.

Their spectacular struggle recompensed the gallery of 12,000 for Doeg's disappointing showing against Lott. He did not score a single placement in the final set as Lott put on the finishing touches.

Two supremely confident young men will fight it out for the title tomorrow.
