Several Students From Liberty District Leaving For School

MT. ANGEL, Sept. 15.—Sunday afternoon Mr. and Mrs. A. K. Lulay and daughters drove to Stayton to visit Mr. Lulay's father, John A. Lulay. They also visited with friends there and while at the Frank Silhavy home had the opportunity to examine some very beautiful pieces of wood work made by Mr. Silhavy during his spare moments. One of these pieces is a work of art, being a portable radio cabinet made from 18 different kinds of wood and over 2200 individual pieces were used in making it.

This radio cabinet was designed and made entirely by Mr. Silhavy. On the front panel he has worked out some very intricate and beautiful designs by inlaying with many different colors, sizes and shapes of the different woods. The largest pieces used in the inlay patterns are about one-half inch long and one-sixteenth of an inch wide. The smallest individual pieces are about one-eighth of an inch long and about half as wide. They are highly polished and finished in the natural color of the wood.

He also made a shelf for the radio, using the same inlay designs. It matches the cabinet perfectly and the two make a very attractive addition to their home.

The following woods were used: two kinds of yew heart and sap wood, gum wood, pear, prune, sycamore, Oregon black walnut, eastern black walnut, locust in two shades, heart and sap wood, red wood, rose wood, Rockford cedar, red cedar, Douglas fir, lignum vita, cherry and maple.

"I enjoy this kind of work," said Mr. Silhavy, "it gives me something to do and it is interesting work, too. My wife can hardly get me to my meals when I get started on some pattern."

Edson Comstock was captain of the winning side. Mrs. Will Hubbs, who was captain of the losers, is in charge of general arrangements for the party.

Special invitations are being issued to teachers. Plans for the party are being kept secret.

Men of Methodist Congregation Plan Party for Women

WOODBURN, Sept. 15.—Fire, thought to have been started by a defective chimney, burned virtually the entire second floor of the home of Mrs. Ollie Bogard. The fire started about noon Monday. The total damage done by the fire and water were not estimated by Mrs. Bogard, but they are sure to amount to thousands of dollars. The damages were partially covered by insurance.

Mrs. Bogard was busily engaged in washing clothes and it is thought she let the stove get too hot before she was aware of it. Several neighbors had already turned in the fire alarm before Mrs. Bogard knew her place was aflame. The entire top of the large house was a mass of flames when the fire company arrived.

Mrs. Bogard and her two children, Vera and Maurice, have moved many of their possessions from the first street house, which was burned, to another house a few blocks west, which is also owned by Mrs. Bogard.

Aboard Airliner Eastern Air Transport

Smoking compartment, Washington-New York plane. Hostess offering Chesterfields. Photos by courtesy Eastern Air Transport, Inc.

Dear Peggy

I'm almost too excited to write, and there's so much to see, both inside the plane and out. We've left Washington behind now, and I've just had a Chesterfield in the smoking compartment—they serve them on every ship.

"Among the eighteen passengers there's a senator and a foreign diplomat, and I'm surprised at the number of women. The trip is two hundred miles and the meter in the cabin reads two miles a minute, think of that.

"For me, the Chesterfields were the nicest touch of all. I was just dying for a smoke, and when the hostess passed them (and my favorite cigarette at that) everyone else seemed as tickled as I was. And my—they did taste good!

Chesterfields are served in the smoking compartments of all these planes—the largest and most luxurious in the East. With the fast growth of air travel, Chesterfield makes many new friends each day, here as in city streets and country homes—wherever good taste counts.

A mild cigarette—delightfully mild and smooth—with a tobacco fragrance all its own.

Whether you're air-minded or not, you'll always find Chesterfield on the air-line to taste—the quickest way to get there. They Satisfy!
