were employed on federal aid highways. Mileage under construction as of September 30 totaled 14,314 involving a total cost of \$344,073,068. The total approved for construction calls for 1,373 miles costing \$29,719,351. The balance of federal aid funds available for New York is \$25,517,828.

The bureau of public roads has indicated its willingness to accept policies designed to increase employment and protect labor next year, such as those fixing a fair minimum wage scale, giving preference to local unskilled help and citizens of the state in which the work is being done, and restricting working hours to afford continuous employment.

The apportionments to the states of next year's funds, based on area, population and mileage of rural post roads, are as follows: Missouri, \$1,000,000; California, \$4,121,029.40; Idaho, \$1,330,448.00; Oregon, \$1,763,260.60; Washington, \$1,681,216.40.

FATHER ORTH GETS PORTLAND VACANCY

GERVAIS, Oct. 15—Rev. Fr. H. A. Orth, who has been rector of the Gervais Catholic church for the past five years, has been called to assume charge of St. Francis Catholic church in Portland, to begin next Sunday. The regular rector suffered a nervous breakdown, and his physicians have ordered him to take a year's rest.

Before coming to Gervais, Rev. Orth was assistant to the Portland rector, and his work there under him urged the regular rector to ask that Rev. Orth be sent there to relieve him. During the five years of Rev. Orth's pastorate here he has endeared himself to his parishioners and they are loath to give him up, even for a year.

Rev. Walsh of Portland, a young man and popular with the young folks as well as the older folks, comes to relieve Rev. Orth.

PRIZE STOCK HERD STARTS TRIP HOME

Important Honors are won By Mt. Angel College Farm's Holsteins

MT. ANGEL, Oct. 15—Completing a circuit that took them into Canada and throughout the middle west, the Mt. Angel College stock farm show herd of prize Holstein cattle are now on their way west and the International Livestock Exposition at Portland. According to a telegram received Thursday by Lawrence Thomas, herdsman, the herd completed its showing at the National Dairy Show at St. Louis, the greatest dairy show in the world.

All during the line of the circuit they were following, the Mt. Angel herd ran up against some fine competing herds, but succeeded in getting a large percentage of the coveted higher ribbons. Last week they again won high honors in Oklahoma.

The St. Louis show, however, gave the stiffest competition, and it was only because of the honors won in previous shows that Mr. Thomas permitted the local herd to compete in this show. Many of the world's best known and finest herds were exhibited in St. Louis, and the winning of outstanding ribbons there is the highest honor possible to receive. In spite of the fact that the local herd went up against this competition, it still managed to snag its share of ribbons.

A senior bull calf took second place, two mature cows fourth and seventh, Mt. Angel herd being the only one to have two mature cows placing above seventh; another won third place, one fourth, two fifths, one sixth, one eighth and one tenth.

This is the first time an Oregon herd has left the state on such an extensive tour. According to Mr. Thomas the winnings and publicity received more than paid for the effort and expense of the trip. It proves that Oregon has some of the finest cattle in the world.

Seven Notable Gangsters Are Sent to Prison

Two leaders of a gang that collected \$25,000 from saloonkeepers by posing as federal officers were sentenced to serve seven years each. They were Charles Carney and Michael Aklmyer. Other members of that racket got lighter sentences.

The Call Board

By OLIVE M. DOAK

Today—Laurel and Hardy in "Pardon Us."

WARNER BROS. CAPITOL. Today—"Doug" Fairbanks and Bebe Daniels in "Reaching for the Moon."

HOLLYWOOD. Today—Lloyd Hughes in "Ship of Hate."

THE GRAND. Today—Will Rogers in "Connecticut Yankee."

Manager Stumbe of the Hollywood theatre announces with a great deal of enthusiasm that he has a brand new serial starting today and he is proud of it. "The Vanishing Legion" is the name of this serial and it will run each Friday and Saturday for the next 12 weeks.

Harry Carey and Edwin Booth take the leads in the story. All who saw "Trader Horn" will feel a stir of interest in these two people for they did excellent work in that picture. And there is Rex, the famous horse, king of wild horses he is called, who will do his share to maintain plenty of "action" in this picture.

Other members of the cast are William Desmond, Frankie Darrow, Philo McCullough, Joe Bonomo, and Yakima Canutt.

It is a mystery story in which oil wells, horses, romance and western prairies play a luring role.

Laurel and Hardy will be seen today at Warner Bros. Elsinore in their first full-length feature story, "Pardon Us."

The scenes are mostly within prison walls where the two poor "saps of the screen" find themselves thrust rather unceremoniously. Mental tests, jail breaks, dentists chairs, and a few other fruitful events for trouble in the lives of these two poor dumb souls make the play one of the funniest of late months according to all reports.

And today at Warner Bros. Capitol there will open the brilliant and dashing play "Reaching for the Moon" with Douglas Fairbanks and Bebe Daniels Lyon as the bright star.

Ultra-modern in dress, ideas, stage scenes, and plot, the play promises to be one of the memorable ones of the year. Let us hope we are not disappointed.

SANTIAM WORK IS VIEWED BY COURT

Inspection of the new North Santiam road between Detroit and Whitewater creek was made yesterday by County Commissioners Porter and Smith, accompanied by Roadmaster Frank Johnson and Harold Walling. Grading work on the stretch is nearly completed and the road is passable except for the fact that it is not graded and three bridges are not constructed although contracts for the work were let this week.

While on their trip yesterday the men gave further attention to the stretch of road between Niagara and Detroit. This is narrow and crooked and the county plans an entirely new alignment. The court announced last week that it expected to spend its \$100,000 apportioned for the Santiam work next year, on this stretch of road. It is hoped that the federal road funds will be spent on the 21-mile stretch leading south from Whitewater creek to the junction with the South Santiam road across the Big Meadows canyon. Slashing of right-of-way is already under way south of Whitewater creek.

Within a short time the Marion county officials expect to confer with the federal road authorities and to determine how the \$200,000 appropriated for next year will be expended.
