

GOVERNMENT SECURITIES FAIL TO INJURE MARKET

Government Securities are Weak but Stocks and Commodities Firm

By JOHN L. COOLEY
 NEW YORK, Oct. 16 (AP)—While United States government securities failed to injure the market, stocks and commodities showed effects of higher money rates, stocks and commodities gained strength today and sentiment in financial circles seemed to move up a notch or two with them.

Government securities were weak. Losses in other bonds which normally move with money proved to be rather general, although secondary issues, where large yields are available, tended to improve.

Railroad shares provided the basis for the stock market's advance after a little shakiness at the opening. Except the first quarter-afternoon profit-taking, prices advanced all day and there was a final spurt at the close. The net advance averaged 2.5 points. Trading again was relatively dull, the turnover amounting to 1,420,277 shares.

United States Steel, which has a dividend meeting soon, looked as though its sponsors were confident the regular payment would be voted, closing 2 1/2 higher. General Motors and General Electric shares advanced 1/2 each. Telephone rallied more than 3 points. Westinghouse, American Can, National Biscuit, Woolworth, Paramount, Loews', Northern American, United Corp., American & Foreign Bond and Commercial Gas advanced 1/2 to more than 2. In the rails, Atchafalpa's gain was 5 1/2, Southern Pacific's 3 7/8, New Haven's 3 3/8, New York Central's 2 3/8 and Baltimore & Ohio's 2 1/2. Most carriers were up at least a point.

Concord grapes were firmly priced 50-55¢ with Dallas Tokays \$1.25 and a similar price for Muscats.

Strength Also Shown in Butter Prices at Portland

PORTLAND, Ore., Oct. 16 (AP)—Egg prices advanced approximately a cent on the Produce Exchange here late today.

While there was no general price change on the open market for either cube or print butter during the day, strength in relations to all offerings with quotations maintained.

Maintenance of live chicken prices is generally reported by the commission trade as well as by killers in spite of the Government News Marketing Service suggesting a slight market. The only slowdown appears in springer stuff. Other lines are steady to firm at late advances.

Market for dressed turkeys is a trifle soft for the sort of stock generally arriving. Hens are quoted down to 28¢, geese up to 27-28¢ small toms around 27-28¢ and larger birds—14 lbs. and up, at a maximum of 32¢.

In the market for country killed meats a steady trade was generally reflected for veal, hogs and lamb with some less dullness. No change in any of the price lists.

Large Supplies Bought for Shipment and Demand Better

CHICAGO, Oct. 16 (AP)—Broadening of export business in North American wheat lifted grain values today. It was estimated that 1,500,000 bushels of Canadian and United States wheat were bought today for shipment overseas, and that foreign takings in the last week were at least 6,000,000. Indications pointed to a better milling demand in Europe. With Canadian stocks greatly reduced as compared with a year ago much damp and sprouted wheat was reported as being marketed in Canada.

Wheat closed firm 3-8 to 5-8 cents higher, corn 1-8 to 5-8 up, oats unchanged to 3-8 advance.

Today's closing quotations: Wheat: Dec., 50 1/2 to 5-8¢; Mar., 53 3/8 to 5 1/4; May, 54 1/4 to 7-8¢; July, 55 1/4.

Corn—Dec., 35 1/2 to 3-8¢; Mar., 37 1/4; May, 39 3/8 to 1-2¢; July, 43 1-8¢.

Oats—Dec., 22 1/4; May, 22 1/4; July, 24 1-8¢.

PEACE ACHIEVED IN DISPUTE OVER MILK

Distributors Agree to Work Together and to Cease Internal Strife

PORTLAND, Oct. 16 (Special)—A milk-white dove of peace hovered over the local milk situation this morning with the declaration of Rabbi Henry J. Berkowitz that the distributors had agreed, after three consecutive days of arbitration, to devote their time and energies increasing milk consumption and to stop internal warfare.

At a meeting in the Portland milk 'czar's' office late yesterday representatives of the various milk firms voiced their disapproval of the tactics used by unknown parties against the Carnation company and declared the use of air-plane distribution of handbills and caustic radio statements.

Distributors who have been meeting price competition with a low wholesale price schedule have agreed to re-file their wholesale prices today so that a uniform price will prevail after November 1. According to the city ordinance wholesale prices may not be changed without 15 days filed notice.

"This new wholesale price schedule will not change the price to the consumer above normal prices," said Dr. Berkowitz this morning. "The distributors have agreed to accept the price basis as recommended by the mayor's arbitration committee on August 17 and to refrain from ruinous cut-throat prices which would have eventually wrecked the industry."

Assurance that the local milk supply has never been lowered in quality and that Portland's milk prices were still below those of any city on the coast was given by Dr. Berkowitz. A campaign of education of the value of milk will be started at once by producers and distributors within the next few days, reports the local milk 'czar'. Representatives of all the distributing and the majority of producer-distributing companies were present at yesterday's meeting.

REILEY SHIPS IN CARLOAD HORSES

CRABTREE, Oct. 16—Harold Reiley and Mr. Kipheart went on a week's trip to Bend. While there they were there they went out 80 miles from Bend and bought a carload of fine mares and colts. Harold Reiley shipped them by train to Crabtree.

Harold and Lavon Kelley, Harold Reiley and family gave their mother, Mrs. J. K. Reiley, a birthday dinner at her home in Crabtree.

Miss Lois Kleint returned home Wednesday after spending three weeks in Portland visiting relatives.

BUS CONTROVERSY NOT WITH SCHOOLS

Feeling that the Stayton angle of the recent four-cornered controversy over school bus transportation routes in districts near Stayton was not fully presented, the Stayton school board has issued the following statement:

"At a friendly meeting of boards of directors in Turner Tuesday night an understanding was reached agreeable to the four smaller high schools in southern Marion county. Since Stayton's quarrel was not with neighboring schools but with the ruling of the Marion county district boundary board, the Stayton school board, through its chairman, Grant Murphy, in order to stop further con-
