Salem's Only Morning Newspaper

The Statesman is the only Salem newspaper printed and distributed each morning. It is the only Salem newspaper receiving leased wire news after three o'clock in the afternoon. It is the only Salem newspaper which brings the world's news and the local news up to the early morning press hour: 2 a. m.

The Statesman prints ONE edition including all the news in one issue. It does not juggle dates of its papers. The date it bears is the date it was printed. Subscribers on rural routes should not be deceived by evening papers which print part of their papers with the front page date of the following morning. Such a paper is not a morning paper but an evening paper with a false date line. The Statesman is TODAY'S PAPER TODAY. It is NOT Yesterday's Paper dated today.
