### Bosleys Celebrate 59th Anniversary of Wedding; Many Antiques Gathered

MONMOUTH, Oct. 28.—Mr. and Mrs. R. M. Bosley celebrated their 59th wedding anniversary with a dinner party at their home Thursday night. They were married at Spickardville, Mo., October 22, where they lived continuously until moving to Oregon in 1902, when they settled on a farm near Monmouth.

Mrs. Bosley, 85, is a native of Missouri. Mr. Bosley, 80, was born in Illinois, emigrating to Missouri with his parents when a small boy. He has been engaged in farming all his life, retiring 10 years ago, when the family home was established in town.

Mrs. Bosley is the leading collector of antiques in this community. She has been interested since childhood in saving curios and has many rare and unusual objects of interest. An old bottle, made in Germany, and said to be more than 400 years old, that has been handed down in her family from generation to generation, is one of her prized treasures, which, only last month, an antique collector from Seattle tried in vain to persuade her to part with.

Mrs. Bosley possesses a large and epochal collection of toys, in excellent condition which she has been gathering for three fourths of a century. Specimens of her own childhood treasures bobbed merrily with those belonging to her children, grandchildren and great-grandchildren. One unique trophy is a souvenir of the first steamboat that plied the Mississippi, and was given to her when she was a small girl.

A counterpane, handwoven by members of her family, is more than 150 years old. Dishes and innumerable other interesting articles of a day long past, are carefully preserved.

Those enjoying the dinner party Tuesday night were Mr. and Mrs. W. B. Egleston, Monmouth; Mr. and Mrs. George McCormack of Peedee; Mr. and Mrs. Clay Egleston, Salem; Mr. and Mrs. Charles Bowman and children, and Mr. and Mrs. Charles Petrie and

children of Monmouth; Mrs. Myrtle Miller, Peedee; Mr. and Mrs. Laurence Steptoe and children of Independence, and Mr. and Mrs. Jack Bush, Monmouth.

Both Mr. and Mrs. Bosley enjoy reasonably good health, and do their own work.

The collection was taken to defray the traveling expenses of the Klitties but this was turned over to Mrs. M. M. Magee, president of the Home Economic club by the Klitties to be applied to the paint fund for painting the interior of the hall.

The quilt which was donated to the club by Mrs. W. Welch and Mrs. Oscar Baker was won by Magee Bowen of Silverton. The quilt fund will be applied to the fund for painting the interior of the hall. Mrs. W. Welch and D. Wilson were appointed to take charge of the work.

**An Actual Experience**

Last evening at 5:30 our host lighted the wood in his fireplace. It was lying on top of Gasco Briquets. He told us why he put it on top, instead of below, so he'd get more heat from them.

After dinner, at 7:30, we all went back into the living room. The wood was, of course, all gone, but the Gasco Briquets were a lovely glow, sending their delightful warmth into a room which had no other heat because it was too mild for the furnace.

When we went home at 10:30, the Briquets were still aglow. Mine host said he'd scatter them, so they'd cool off and they would be good for at least one more evening.

Reminiscing . . . I figured how long Gasco Briquets last, compared with other fuel. And that at \$15.75 a ton, they are actually twice as cheap, as fuel that costs half as much, but only lasts a quarter of the time.

That's why Gasco Briquets are popular. Better try a ton.
