HALE TALKS ON GRANGE TOPICS

Pioneer Member Urges Greater Cooperation at Turner Meeting

TURNER, Nov. 16 — Surprise grange No. 233 met in an all day session Saturday with about 50 present. Mrs. W. F. Gulvin, lecturer, announced the following program: song, "We're Glad You're Here"; reading, "The Hand Behind the Plow", by Clarissa Clark; solo, "The Hand of Youth", by Mrs. Mary McKinney, who played her own accompaniment; recitation, "Little Orphant Annie", by wee Peggy Palmer; recitation, "A Flower Cut From Fairyland", by Evelyn Jensen; recitation, "Morning-glory of Fairyland", Frances Clark.

A. D. Hale, an old grange member, was introduced and gave a talk on grange cooperation also stressing the need of true brotherhood. Mr. Hale said, "The present time calls for a better understanding of people's of all nations; we should speak of them as brothers not as foreigners."

Mr. Hale game some old history which was especially interesting when he mentioned the name of William Hilleary, who with his wife were old time residents of near Turner, and who were very active in grange work. Mr. Hale joined the grange when a resident of Kings Valley in 1898 when Mr. Hilleary was state master, and who made him a state deputy for a time. Helpful incidents of pioneer grange work were mentioned. Mr. Hale very earnestly urged the present grange members to seek ways for cooperation in buying and selling as the plan has worked well, when worked out intelligently.

Other program numbers were: Recitation "November", by Ruth Bones; reading, Glenn Titus, "Under the Double Eagle"; instrumental solo by Miss Ethel Gulvin; song, "Grandpa's Barn", by Keith Bones; temperance song by three girls, Clarissa Clark, Evelyn Jensen and Frances Clark, accompanied by Mrs. Mc Kinny. The state executive committee requested to have the rural credit law discussed at the local meetings in November. G. F. Gulvin opened the discussion.

It was decided to have a Christmas program at the next regular meeting December 12, also to bring a donation to be given to the needy.

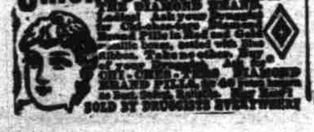
Rickey School Features Spelling

RICKEY, Nov. 16—Spelling may be a lost art in some communities but in the Rickey school it is one of the most important branches and if the interest continues, by the end of the year the school will have a number of spellers of which they can be proud. The spelling book is the one book that is being carried back and forth by the pupils and parents are kept busy pronouncing words to the future citizens of the community.

The pupils of the four upper grades are divided into two teams



ROYAL 'BLOOD CURSE' AGAIN

The grim spectre that has remorselessly stalked the dynasty of the royal House of Bourbon has again cast its shadow over the exiled family of Alfonso, former King of Spain. This time, the skeleton in the Bourbon closet has come forth to destroy the romance of Princess Beatrice and her sister, Christine. Engaged to marry young Prince Alvaro de Bourbon-Orleans, Beatrice, conforming to an old Spanish tradition, made her wedding gown with her own hands. But a medical examination, insisted upon by her father, disclosed that both she and her sister, Christine, were "carriers" of the dread malady haemophilia —a condition which renders the blood incapable of coagulation, sufferers being always under the risk of bleeding to death. This disease has long been the bane of the royal line of the Bourbons. Alfonso's eldest son, Prince of the Asturias, is a sufferer, as was his relative, the young Czarevitch of Russia, slain by revolutionists. The former King of Spain has forbidden the projected marriage out of consideration to the probable issue of the Princess. His decision automatically terminates the engagement of Christine, also, who was to have married Alonso, younger brother of her sister's fiance.

Every member of both musical organizations has been given equal opportunities for Mr. Everding's trophies and the rivalry is exceptionally keen. Adding to the interest is the sponsorship of each contestant by a local firm, which will receive special recognition from the announcer for the patronage. The setting for the evening is being arranged a la broadcasting station and the station itself is "BLAH".

The continuity has been written by the director of the musical organizations, Hal Campbell. The radio arrangements will be installed by Fred Cavender, local radio expert, with all the concomitants of a regular broadcasting station. At the expressed wish of Mr. Everding, Doctor Riley, editor of the Hubbard Enterprise, will act as judge.

The contesting soloists will include Rowena Leslie, Nellie Shaw, Ella Kellner, Dorothy McKenzie, Edith Knight, Muriel Stamey, Louise Holm, Mary-Anne Whitlock, Hazel McKensie, Ruth Cox, Clyde Parsons, Maurice Winters, Billie Kleeb, Wayne and Dean Tate, Lee Leslie, Conrad and Thorkild Thorkildson, Jack McKenzie, Maurice Stamey, Jack Lincoln, Loren Milligan, Darrel Davis, Jimmy Busch, George Irish.

WOODBURN, Nov. 16—A profit of more than $200 was made by the local American Legion post at the first annual Armistice day carnival, according to reports given at a special meeting in the armory Thursday night. The greatest amount of profits were derived from the Woodburn-McMinnville football game and the dance in the armory in the evening. After a two-day split with the high school, a gross of over $80 was realized.

The money raised by the carnival will go to help the unemployed this winter, as well as aiding in the Boy Scout program, being sponsored by the Legion, and the junior baseball campaigns.

with Loyal Sheridan, an eighth grade girl captain of one team and Hazel Magee a seventh grade girl captain of the other.

GRANGE BACKS HIGHWAY STAND

North Howell Members ask Support for Spaulding On Economies

NORTH HOWELL, Nov. 16—During the regular session of the North Howell grange Friday night in the local grange hall two committees of new projects were appointed and a resolution adopted indorsing the economy of Highway Commissioner Spaulding.

One committee consisting of Archie Wiesner, Mrs. A. T. Cline and M. A. Dunn will confer with the Homeseekers agency in Silverton relative to arranging a display of North Howell products in the Silverton office. Mrs. Ena Harmon will assist this committee in arranging whatever display can be commanded.

The other committee, while its duties are strictly local, will have an immense influence on beautifying the already very naturally attractive grange park. The members are Mrs. A. T. Cline, Delroy Titzke and George Wiesner, who will work with the members of the executive committee in planning and planting native shrubs and flowers among the oak trees in the park.

The grange also passed the following resolution which was introduced by E. G. Wiesner relative to road building expense.

The Spaulding resolution says in part: "Commissioner Spaulding has a program, where in he desires and believes it wise that certain economies should be put into effect and the savings thus effected used to aid the unemployed. . . We believe those who have, should share with those who have not in a time of need..

"Therefore . . . we indorse the program of Commissioner Spaulding and request that those who have the power, help him to put it into effect".

Mr. and Mrs. S. H. Edwards of Corvallis were the only visitors present and contributed materially to the evening's program. The lecture hour was devoted to the discussion of world disarmament and much of interest to all was brought out by the round table discussion.

The DEAD MONTHS *that follow* FIRE
FIRES in stores, factories and other commercial buildings are followed by dead months. Trade stops—customers go elsewhere for goods—expenses pile up while the building is being replaced or repaired. It is sound business to insure a continuance of your normal profit—and dividends—during the non-earning period following a fire.
The insurance that gives this guarantee is called Business Interruption (Use and Occupancy) insurance. Ask your Stock Fire Insurance agent to explain it.
STOCK FIRE INSURANCE
provides and supports many services that reduce the probability of either direct or indirect fire losses, but as long as destruction continues there will be suspended business activities. You should provide this kind of protection.
