TELEPHONE OFFICE HOLDS OPEN HOUSE

Many Local People Turning Out for Interesting Display Here

"Open house" at the Pacific Telephone and Telegraph company meant an opportunity appreciated by Salem people Tuesday with nearly 2000 people calling at the telephone office on State street. Today, Thursday and Friday the public will continue to be welcomed at the telephone office between the hours of 9 o'clock in the morning to 3 o'clock at night. All calling are shown through the building and made acquainted with all the intricacies of a modern telephone system.

Those who go through the building may congratulate themselves upon having been through the third highest ranking telephone building and office in the world. In equipment, arrangement and structure it is so ranked in the United States and with the United States so far ahead of other countries in telephone service it gives Salem third place in the world.

Miss Helen Louise Crosby, local attorney was the first person to call for the open house which began Tuesday.

An interesting group of tall students from the state school for the blind were among the 300 first-day visitors at the open house being held this week at the Telephone building in connection with the Pacific Telephone and Telegraph company's system wide service and sales program, according to H. V. Collins, district manager.

Blind Students Are "Shown" Equipment
The students, representing a class in commerce and industry, were accompanied by L. D. Cannell, instructor at the school, who with the cooperation of employees of the company attempted to give a clear, mental picture of the appearance and operation of the equipment and other features of the building.

Five classes of high school students are scheduled to visit the telephone building today, Mr. Collins said.

Several special displays have been arranged at the office in connection with the open house. Most interesting of these are two teletypewriters, which transmit typed characters by wire. Displays of telephone equipment also have been placed in the windows of various store buildings.

Railroad Fares On Thanksgiving Holiday Reduced

Thanksgiving day "homecomings" throughout Oregon and five neighboring western states are to be made possible for thousands of persons through the re-establishment of cent-a-mile roundtrip transportation fares on Southern Pacific lines for the holiday period, according to announcement Tuesday.

A. A. Mickel, local district freight and passenger agent for the railroad, made public plans for renewal of the famous "dollar day" fares, with dates on which trips may be started being announced as Tuesday, Wednesday and Thursday, November 24, 25 and 26, with a return limit of December 3. These dates, Mickel pointed out, are timed just prior to and including Thanksgiving day, with ample time provided under the return limit for trips "back home" to distant points on Southern Pacific's lines.

The state house team which was listed for the captain included A. L. Lindbeck, captain, representing the press; Jerry Owen, state player, representing the bonus commission; Gregg and Probert both from the state highway department, Carlin of the tax commission, and Moore of the secretary of state's office. More recruits are wanted.

Speaking of sports, who wouldn't like to see the big game at Sing Sing next Sunday, when the cops and the cons indulge in a gridiron battle? These natural rivals for once will battle each other without guns, even spectators being "frisked" at the gate. It should be a great contest.

The newspaper picture which has been filmed at one of the local theatres the past few days under title "The Front Page" has had a tendency to prevent members of that order getting by in good society. The picture entertainment, and lots of it true to life, but generally speaking it is rather hard on the profession.

Perhaps that is the reason the governor was relieved when he narrowly escaped having the capitol newspaper man pose with him for a picture Monday. The idea was suggested and naturally the governor was too polite to refuse. But the modesty of the boys came to his rescue and the picture was not snapped.

There is no excuse for anyone getting lost in the capitol building now. After about ten years,

Objection as to Estate Division Heard in Court

Objections to the referee's report in the partition suit of Virginia Maude Gorsline vs. Walter Earl Sears were heard yesterday in Judge Gale S. Hill's department of circuit court. The judge did not give a decision. Sears claimed that property of the estate of his father was not divided equally among the heirs.

The contest is on lands in eastern Oregon and in Marion and Polk counties.

TELEPHONE STYLES HAVE ALSO CHANGED

Yesterday and today as portrayed by Leona Bolens and Pauline Kasakoff of the Pacific Telephone and Telegraph company in connection with an open house being held at the telephone building this week until Friday. Miss Bolens, in modern attire, is holding the latest type hand telephone, while Miss Kasakoff, in the accoutrements of 1877, is holding a replica of Alexander Graham Bell's first telephone.

Courthouse is Busy With All Courts Active

The second floor of the courthouse presented a veritable beehive appearance yesterday, with swarms of persons crowding every room for the greater part of the day.

Both departments of circuit court were on, the grand jury was in session, the county judge was unusually busy and a great number of matters were before the juvenile department. With so much activity in these chambers, the clerk's office was also crowded for time to handle patrons and business.

Intervention in Suit Permitted

Permission for George W. Hobson and others to intervene in the suit brought by Maude E. Greene of Portland to test validity of the intangibles tax was granted in order in circuit court here yesterday. The intervenors must file their complaint before November 30.
