WINGING ALONG WITH FATHER

You've heard of sons following in fathers' footsteps, but rarely does one see a father and son flying together like Captain Harry G. Montgomery (top right) and his son, Second Lieut. Harry, Jr., who are both members of the U. S. Army Air Corps, and shown as they appeared at Rolling Field, Washington, D. C., recently. But lest you think that the Army has put something over on the Navy, the lower picture shows another father and son combination. Ensign John Raby (right) recently qualified as a naval aviator at Pensacola, Fla., is shown with his father, Rear-Admiral James J. Raby, who was similarly qualified in 1926.

New Plan by Makers of Vicks Cuts the High Cost of Colds

Saves Money, Time and Health by Better "Control-of-Colds"

Test of Plan Offered by Salem Druggists on Unlimited Guarantee of Satisfactory Results.

The high costs of colds are more than ever a problem this winter. In every family, therefore, it is news of peculiar interest that the makers of Vicks VapoRub have developed a Plan for better "Control-of-Colds" in the home. A Plan to reduce the number, the severity and the costs of colds.

A New Vicks Product

The Plan is made possible by a new preparation—Vicks Nose & Throat Drops. Based on a new idea in "preventing" colds, it is a companion to Vicks VapoRub, the modern external way of "treating" colds. The two aid and supplement each other. Together, they make possible further reduction of the burdensome family "Colds-Tax."

Trial Offer to VapoRub Users

Use of this Vicks Plan for better "Control-of-Colds" in your home will mean fewer colds—less severe colds. It will mean cutting your high costs of cold troubles—a saving in money, loss of time and health. To say nothing of the discomforts of colds and the severe ills that often follow colds. Test the Plan for yourself—without risk. Get a bottle of the new Vicks Drops today. Use it with Vicks VapoRub as directed. Unless results are entirely satisfactory, your druggist will refund the price of the Nose Drops—and the test will have cost you nothing.

Here, briefly, is the Vicks Plan for better "Control-of-Colds."

1.—Before a Cold Starts

Use Vicks Nose Drops—a few drops up each nostril—whenever you feel nasal passages are dry or itching which your own experience tells you is apt to give you a cold—contact with others having fresh colds, crowds, stuffy ill-ventilated rooms, public places—a night on the Pullman or a dusty automobile ride—sudden changes in temperature, wet or cold—inhaling smoke, dust, gases—excesses in living, such as over-eating, smoking or drinking—after a hard day, when you are over-tired.

In short, don't wait for that stuffy, sneezy irritation of the nasal passages—Nature's warning that you are actually "catching cold."

2.—After a Cold Starts

At night, massage the throat and chest well with Vicks VapoRub—now available in white "stainless" form, if you prefer. Spread on thick and cover with warm flannel. Leave the bed clothing loose around the neck so that the medicated vapors arising may be inhaled freely all night long. During the day, use Vicks Nose Drops every few hours—any time, any place. (If there is a cough you will like the new Vicks Cough Drops, actually medicated with ingredients of Vicks VapoRub.)

This gives you full 24-hour treatment and without the risks of too much internal "dosing" which so often upsets the digestion—especially of children—and lowers body resistance to disease at a time when it is most needed. Don't "dose" colds except on your doctor's advice.

Charity Needs Probably Not as Severe as Last Year, Committee Thinks

SILVERTON, Nov. 24—The relief committee at Silvertown, headed again by Mayor L. C. Eastman, met Monday night for the purpose of outlining the work to be done this winter. It is felt at Silvertown that people have become accustomed to the change in the times and have thus adjusted themselves to it in such a manner that relief is not as badly needed this year as it was last.

But there are some who have for the time being been unable to secure work, or illness has entered the family, or some other equally justifiable cause has made it impossible for some to meet the conditions. So the relief committee will again function.

A survey will be made of the town at once. Each home will be visited and asked if its members have anything to spare or any work they wish done. The committee is announcing that laborers will be registered with the committee and anyone wishing work done may call at the labor bureau. The Legion auxiliary, headed by Mrs. Harry Wilson, will have charge of the survey.

The Palace theatre, under the ownership of Alfred Adams, is donating all proceeds of the two shows given Wednesday night of this week to the local relief committee. Those employed at the theatre are giving their evening's work for the same cause. Two shows will be run, one beginning at seven o'clock and one at nine o'clock.

The relief station, which was handled by the Women's club last year will be handled in the same manner again this year with the same committee in charge. This committee is composed of Mrs. I. L. Stewart and Mrs. Ed Holden. This will open the week before Christmas.

Acting on the central committee with the chairman, Mayor Eastman, are E. J. Adams, president of the Silvertown chamber of commerce, who will act as secretary of the central committee; Dr. C. W. Keene, senior commissioner of the water bureau; Mrs. J. R. Hosmer, president of the Silvertown Woman's club; W. G. Reugnitz, president of the 4-L organization.

George Hubbs has been appointed to act as an employment bureau; on the labor committee, are M. G. Gunderson, Norris Ames and J. D. Drake; investigation committee, Robert Goetz, superintendent of Silvertown schools. The Silvertown Appeal-Tribune is printing a number of blanks free of charge to be used by the committee to facilitate the compilation of records.

"We'd rather have a Chesterfield and now we'll tell you why..."

Three mighty good reasons!

"MILDER"—smoke as many as you like! That's what every Chesterfield smoker knows...and it's not hard to prove, either. Just try this blend of milder, riper tobaccos!

"TASTE BETTER"—you'll like as many as you smoke! That's what more smokers are learning every day. Not over-sweetened, but just sweet enough for constant enjoyment. The mild, rich flavor of the finest Turkish and Domestic tobaccos.

"THEY SATISFY"—in every way! The tobacco, the paper, the package...everything about Chesterfield is the best that money can buy or that science knows about!

GOOD... they've got to be good!

Little Thelma Bills, 12, who will go down in history of the Lone Star State as the first girl to serve in the Texas Senate as a page.
