...NIGHT COUGHS

Quickly Checked and a Restful Night Assured

Just rub on VICKS VapoRub

RELIEVES COLDS WITHOUT "DOSING"

WHY do more and more smokers say:

"I've changed to Chesterfield"

BECAUSE . . .

THEY'RE MILDER. It's the tobacco! The best tobacco—the smoothest and mildest that money can buy—go into Chesterfield. Ripened and sweetened in the sunshine . . . cured by the farmer . . . then aged for two years in wooden hogsheads. No wonder you say, "They're so much milder!"

THEY TASTE BETTER. These mild smooth tobaccos are put together exactly right. That's Chesterfield's secret—but millions of smokers agree that the job couldn't be improved! Rich aroma of Turkish and mellow sweetness of Domestic, blended and cross-blended to Chesterfield's own BETTER TASTE.

THEY'RE PURE. Cleanliness and purity, always! Everything that goes into Chesterfield is tested by expert chemists . . . tested thoroughly. The purest cigarette paper made, burning without taste or odor. Sanitary manufacture . . . no hands touch your Chesterfields. They're as pure as the water you drink!

THEY SATISFY. You break open a clean, tight-sealed package. You light up a well-filled cigarette. Yes, sir . . . you're going to like this cigarette—you know that with your very first puff. And right there's where many a smoker changes to Chesterfield. *They Satisfy!*
