Scott, of Alice and the Japanese taxi men, who apparently had been encouraged to help us make the first train out, we caught the train that afternoon for Harbin. We had a delightful two days there as guests of the Japanese consul general, who proved to be an old friend of ours once located in Seattle. He had been chiefly responsible for discouraging the Japanese military from seising the Russian sphere of influence. I learned from the Russian railroad authorities here, as we also did later in the foreign office at Moscow, that Russia will not directly interfere unless the Japanese cross her very border; but they will utilize the little island of Chinese sovereignty left around the railway to harass the Japanese. The stories told of the Japanese coup were very pathetic. Chinese soldiers, who always have their arms locked up for the night, were demoralized and in many cases decimated before they knew who was shooting at them. As a piece of military strategy. however, the Japanese have shown that 15,000 men by an absolutely surprise attack can demoralize 250,000 practically without resistance.

Coming to the high school Tuesday night is Mr. V. L. Granville, English actor, who will present a program of "dramatic interludes," mpersonations in costume, makeup and interpretation of famous dramatic characters. Proceeds from this program, which will begin at 8 o'clock in the high school auditorium, will be used in paying a deficit incurred from school plays last year and for purchase of curtains for the stage.

Mr. Granville's characters are taken from the Bible, the classical drama, Shakespeare and his contemporaries, the old comedies of manners and intrigue, and the modern plays. He will portray such dramatic personages as Job, Hamlet, Lady Wishfort, Urian Heep, Nero and Andre.

CLUB PLANS CHILD HEALTH PROGRAMS

LIBERTY, Dec. 5-The Liberty woman's club met Thursday afternoon at the home of Mrs. Kate Holder. The club voted to furnish the school with a medicine cabinet and stock it with the necessary material.

The woman's club will also subscribe to "Child Life" magazine for the younger children of the school, inasmuch as the community club has subscribed the National Geographic for the older children.

The program committee reported material received from Washington D. C. for the February Washington's birthday program. The "double Irish chain" design has been chosen for the colonial

A child health program and tea will be given in January, for which all the women of the community will be invited. In connection with the tea, the annual club shower for the Children's Farm Home will be given. This year each member is to give a towel, which is to be one yard long with a loop on each end.

Following the program Mrs. Robert Forster and Mrs. John Dasch read very interesting papers on "Early Fur Companies and Traders in Oregon". Refreshments were served by the hostess committee: Mrs. Kate Holder, Mrs. F. L. Scott and Mrs. P. G.

The next meeting will be held
