## Fewer, Less Severe Colds With "Cold-Control" Plan

### Discovery By Makers of Vick VapoRub Makes Possible Better "Control-of-Colds" in the Home.

#### HIGH COSTS REDUCED

Relief from much of the burden imposed by colds is now available in every home. The Vick Plan for better "Control-of-Colds" lessens the number, the severity and the duration of colds. It reduces the family's "Cold-Tax" in money, loss of time and health.

#### A New Vick Discovery.

This Plan has been perfected by the makers of Vick VapoRub—made possible by Vick's Nose & Throat Drops. Based on a new idea for "preventing" colds, this new Vick formula is an ideal companion to Vapo-Rub, the modern way of "treating" colds. Used together, they aid and supplement each other in the Vick Plan for better "Control-of-Colds," which follows:

#### 1.—Before a Cold Starts.

Watch yourself whenever you have been exposed to anything that you know is apt to give you a cold, such as—

Contact with others having fresh colds—crowds, stuffy ill-ventilated rooms, public places—a night on a Pullman or a dusty automobile ride—sudden changes in temperature—inhaling smoke, dust, gases—excesses in living, such as over-eating, smoking or drinking, which reduce body resistance—after a hard day when you are over-tired.

Then—if you feel that stuffy, sneezy irritation of the nasal passages, Nature's usual signal that a cold is coming on—use Vicks Nose Drops at once—just a few drops up each nostril. Repeat every hour or so if needed. This will prevent many colds by stopping them before they get beyond the nose and throat—where most colds start.

#### 2.—After a Cold Starts.

At night, massage the throat and chest well with Vicks Vapo-Rub (now available in white "stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck so that the medicated vapors arising can be inhaled all night long.

If the air-passages are badly clogged with mucus, melt some VapoRub in a bowl of hot water and inhale the steaming vapors for several minutes. (If there is a cough, you will like the new Vicks Cough Drop—actually medicated with ingredients of Vicks VapoRub.)

During the day—any time, any place—use Vicks Nose Drops every few hours as needed. This gives you full 24-hour treatment and without the risks of too much internal "dosing" which so often upsets digestion—especially of children.

#### Trial Offer Guaranteed.

Every drugist in the United States is offering Vicks' Nose & Throat Drops and Vicks VapoRub on the following trial guarantee: Use together as directed in the Vick Plan for better "Control-of-Colds." Unless you are delighted with results, your drugist is authorized to refund your money. Adv.
