

CHEESE MARKET IS WEAKENED FURTHER

Manufacture is increased All Over Nation but Demand Holds up

PORTLAND, Jan. 11.—(AP)—Continued weakening of the cheese market situation is reflected from practically every section of the country. Overplus of milk offerings created by the adverse consumptive volume of the fresh offerings, caused a greater manufacture of cheese in practically all sections of the country. While demand for immediate consumption has been good, the extremely liberal offerings caused prices to weaken and sell off in most centers.

Late depression in the Tillamook and Coos Bay sections reflects this condition while the local price was recently cut but 1c lb., greater losses were reflected elsewhere.

The two cent cut in the selling price named on eggs by local interests was effective at the Monday opening but the trend of the market continues of very unfavorable character.

Situation in the butter market continues to reflect weakness with accumulated holding still reported generally here and along the Pacific slope. Butterfat is very weak at late dates.

Fairly good demand continues in the market for live chickens although signs are reflected which tend to indicate the weakness will quickly follow present showing of values on account of competing foods.

There was practically no further change in the price of country killed meats for the week's opening. Movement in general was better and prices sustained. Lambs and calves are especially sought.

WHITE CLOVER IS HIGHER IN PRICE

CORVALLIS, Ore., Jan. 11.—(AP)—White clover seed is the only important seed crop which started the new year in advance of quotations of a year ago, said a summary released today by the Oregon State college extension service in cooperation with the U. S. D. A. bureau of agricultural economics.

Although the supplies of clover and alfalfa seed in general appeared lower both here and abroad, prices generally were below those of a year ago, the report said. The domestic situation is helped, however, by increased exports and greatly decreased imports, alike importations dropping from more than 7,000,000 pounds to less than 100,000 pounds. Oregon reports, the summary continued, show ample supplies of hardy red clover seed on hand in the Willamette valley while a demand exists in Utah county for alfalfa, sweet clover and crested wheat grass seed.

A review of the potato market for the week, the summary said, shows accumulations of low grade stock in the growers' hands which, if used for feed, will tend to improve rather than dull the market for good stock.

O'SHEA ADDRESSES COMMUNITY GROUP

SIDNEY, Jan. 11.—The San Juan Community club met in the Ankeny grange hall Friday night. The following program committee was appointed: Mrs. Bob Austin, Mrs. Delmer Davidson and Mrs. C. F. Johnston. James O'Shea, of Robert, Montana, former president of the Farmers' union of Montana, gave a very interesting talk on farm interests, including the oleomargarine subject.

The kitchen committee appointed for the next meeting was: Elda Wintermantel, Phyllis Cole, Mae Calavan and Ben Mumpers. The program was put on by the young folks, the next meeting's program will be put on by the adults and then it will be determined which group put over the best program.

NEAR ACCIDENT
HAYESVILLE, Jan. 11.—What might have proved a serious accident, occurred to Miss Wilma Evans Thursday afternoon as she was leaving the school. Miss Evans was driving her car into the highway, and had waited until one car had passed, not seeing the second on-coming car, she drove into the path of it and was hit. Her car was quite badly damaged, but Miss Evans luckily escaped with minor bruises. Spectators said the accident could easily have been avoided had the driver of the on-coming car swerved his car just a little.

ORGANIZE 4-H CLUBS
TURNER, Jan. 11.—Four 4-H clubs are being organized among the grade school children. A large class of boys will take carpentering, directed by Mrs. C. S. Clark. Girls classes in first and second year sewing and one cooking class will be directed by Mrs. Mary Ball, Mrs. Frances Whitehead and Mrs. Elizabeth Ball.

Radio Programs

Tuesday, January 12
KOC—530 Kc.—Corvallis
7:00—Good morning meditation.
7:15—Setting-up exercises.
10:00—Home economics observer.
12:30—Farm hour.
2:00—Home hour.
5:00—Market reports.

MARKET HERE WEAK, PRICES HOLD GRAINS ADVANCE; SUPPLY IS SHORT

Quotation 55 Cents, Both red, White, Hogs Reduced

A weak local wheat market prevailed again Monday, but no drop was reported by buyers who are now paying 55 cents a bushel on both red and white.

Hogs declined slightly, to \$5 a hundred on tops. Dressed meats remained the same.

Extra eggs dropped a cent to 15 cents, and mediums remained at 12 cents. These are buying prices, or those received by the producer.

Butterfat was quoted at 21 cents on sour and 23 cents on sweet.

Peppermint oil is showing some strength over past weeks, with a dollar market prevailing.

General Markets

PORTLAND, Ore., Jan. 11.—(AP)—Fruit and vegetable prices: butter, extras, 23; standards, 22; prime firsts, 22; firsts, 21. Eggs: fresh extras, 20; fresh mediums, 18.
