**compare quality, compare prices, compare values with any in Salem**

during this era of high tariffs and low sales, competition for public favor has waxed keen. much use has been made of lavish space, not to mention the lavish hollow language thereon, akin to the shouts of a loud promising politician. but we prefer to state our story in just plain facts -- that is all men really want to know anyhow. the type and quality of the merchandise offered on this sale is of the same high standard that you will find here throughout the year -- it is our regular stock -- small, our competition may opine -- yes, it is not as large as some, but therein lies a certain advantage: being smaller, it can better be kept in control, moving, new, crisp and fresh, comprising the latest style thoughts. compare this merchandise, the prices, and the quality, remembering that only true quality can make genuine value. we recommend the following values as really excellent investments:

**Manhattan shirts** men who have worn Manhattan shirts become as fond of them as of a favorite tobacco -- it may be because they are cut larger, or because, like the proverbial cat, they seem to have nine lives -- try one!

3.50 qualities	2.80	3. qualities	2.40
2.50 qualities	1.95	2. qualities	1.60

the same prices prevail on Manhattan pajamas plain colored shirts were reduced prior to the holidays hence are not on the discount

**Dobbs hats** hand crafted with the famous cavanaugh edge process, and furnished with anti-perspiration bands -- some are light weight crushers, others are of small curl brim designs -- then we have a famous number of more generous proportions but with all the snap and sparkle of the small shapes -- a hat for men of All-American stature.

10. range	7.95	8. range	6.40
7. range	5.60		

we have many other values in fine things to wear, as interesting and impressive as those listed above
